Medicaid Services (CMS)

Transmittal A-02-084

Date: SEPTEMBER 4, 2002

CHANGE REQUEST 2306

SUBJECT: Fiscal Year (FY) 2003 Prospective Payment System (PPS) Hospital, Skilled Nursing Facility (SNF) and Other Bill Processing Changes

This Program Memorandum (PM) outlines changes for inpatient PPS hospitals for FY 2003. The changes for FY 2003 were published in the **Federal Register** on August 1, 2002. All items covered in this PM are effective for hospital discharges occurring on or after October 1, 2002, unless otherwise noted. **Inform the affected hospitals of these changes.**

I. ICD-9-CM Changes

ICD-9-CM coding changes are effective October 1, 2002. The new ICD-9-CM codes are listed, along with their diagnosis-related group (DRG) classifications in Tables 6a and 6b in the final rule for PPS changes for FY 2003. The ICD-9-CM codes that have been replaced by expanded codes or other codes, or have been deleted are included in Tables 6c and 6d. The revised code titles are in Tables 6e and 6f of the same final rule.

GROUPER 20.0 assigns each case into a DRG on the basis of the diagnosis and procedure codes and demographic information (that is age, sex, and discharge status) and is effective with discharges occurring on or after October 1, 2002. Medicare Code Editor (MCE) 19.0 and Outpatient Code Editor (OCE) versions 18.0 and 3.20 use the new ICD-9-CM codes to validate coding for discharges and outpatient services effective October 1, 2002.

II. Furnished Software Changes

The following software programs were issued for FY 2003:

- o **PRICER 03.0** for discharges occurring on or after October 1, 2002. This processes bills with discharge dates on or after October 1, 1998.

The standardized amount update factor is 2.95 percent for all hospitals.

The hospital specific update factor is 2.95 percent for all hospitals.

The common fixed loss cost outlier threshold in FY 2003 is equal to the PPS rate for the DRG, Indirect Medical Education (IME), and Disproportionate Share Hospital (DSH) plus \$33,560. The marginal cost factor for cost outliers remains 80 percent.

The FY 2003 Federal capital rate is \$407.01 and the Puerto Rico capital rate is \$198.29.

The FY 2003 outlier adjustment factor is 0.948999 for the operating standardized amount. The FY 2003 outlier adjustment factor for Puerto Rico is 0.981651 for the operating standardized amount. Also new for FY 03, there is an outlier adjustment factor of 0.965325 for operating national/Puerto Rican blend.

Payments under the DSH provision are not reduced in FY 2003.

The IME formula is $1.35 * [(1 + \text{resident-to-bed ratio})^{**} . 405 - 1]$ for FY 2003.

The revised hospital wage indexes and geographic adjustment factors are contained in Tables 4a (urban areas), 4b (rural areas) and 4c (redesignated hospitals) of section VI of the addendum to the PPS final rule.

- o **Grouper 20.0** for discharges occurring on or after October 1, 2002. PRICER calls the appropriate Grouper based on discharge date.

- o **MCE 19.0** for discharges occurring on or after October 1, 2002, and **OCE 18.0 and 3.20** for services furnished on or after October 1, 2002. These replace earlier versions and contain complete tables driven by date. The MCE and OCE select the proper internal tables based on discharge date.

III. System Changes You Must Make

- o Update the provider (PROV) file for each hospital as needed, effective October 1, 2002, and effective with the cost reporting period that begins on or after October 1, 2002. At a minimum, update the following fields:

- Residents/beds ratio;
- Hospital beds;
- Operating cost-to-charge ratio;
- Fiscal year beginning date;
- Pass through amounts (for non-PPS and new hospitals);
- SSI ratio
- Medicaid ratio;
- Change code for wage index reclassification: Enter "N" if a hospital has not been reclassified for Federal FY 2003, or a "Y" if it has;
- If a hospital has been reclassified for FY 2003, update the wage index and standardized amount location Metropolitan Statistical Areas (MSAs);
- Old capital hold-harmless rate;
- New capital hold-harmless rate;
- Capital cost-to-charge ratio;
- New hospital indicator: Overlay the "Y" with a blank if a hospital is no longer in its first 2 years of operation;
- Capital indirect medical education ratio; and
- Capital exception payment rate (as applicable).

- o Tables 8a and 8b of section VI of the addendum to the PPS final rule contain the FY 2003 statewide average operating and capital cost-to-charge ratios, respectively, for urban and rural hospitals for calculation of cost outlier payments when you are unable to compute a hospital-specific cost-to-charge ratio within the following ranges: for operating cost-to-charge ratios, between 0.194 and 1.258; and for capital cost-to-charge ratios, between 0.012 and 0.163. .

- o MSA reclassifications--Enter standardized amount and wage index reclassifications issued by the Medicare Geographic Classification Review Board effective October 1, 2002, into the Provider Specific File. The reclassification list is attached. This list was published in the August 1, 2002 **Federal Register** (67 FR 50264). Actual geographic location MSA data is found in file positions 59-62 of the PSF. Use file positions 63-66 to record any wage index location MSA to which a hospital was reassigned. Record the standardized amount location MSA to which a hospital was reassigned in file positions 67-70. Enter a "Y" in file position 58 if there was a wage index reclassification for FY 2003, or an "N" if there was not a reclassification. Enter an "N" for providers with an entry in the "hold harmless" column. If a provider is reclassified for standardized amount to an MSA in a different census division, change the census division in the PROV file to match the new MSA.

IV. Other Changes

For Hold Harmless Providers, change Pay Code A to Pay Code B on or after FY begin date October 1, 2002, unless they were a new provider during the transition period, i.e., after October 1, 1991, and

before October 1, 2001. See §2807.7 of the Provider Reimbursement Manual for specifics regarding treatment of new hospitals during the transition period.

V. SNF PRICER

Annual updates to the PPS rates are required by §1888(e) of the Social Security Act, as amended by the Balanced Budget Refinement Act of 1999 and the Benefits Improvement and Protection Act of 2000, related to Medicare payments and consolidated billing for SNFs. A final rule was published on July 31, 2002 (66 FR 39562), containing the PPS rates for FY 2003. The SNF PRICER program must be installed prior to October 1, 2002, to ensure accurate payments for SNF services furnished on and after October 1, 2002.

The *effective date* for this Program Memorandum (PM) is October 1, 2002.

The *implementation date* for this PM is October 1, 2002.

These instructions should be implemented within your current operating budget.

This PM may be discarded after September 30, 2003.

If you have any questions, contact Sarah Shirey at (410) 786-0187.
