CHANGE REQUEST 2368

SUBJECT: Installation of Version 28.0 of the Provider Statistical and Reimbursement (PS&R) Report

The purpose of this Program Memorandum (PM) is to inform all fiscal intermediaries (FIs), that the Provider Statistical and Reimbursement (PS&R) version 28.0 will be available for release to FIs by November 15, 2002. Version 28.0 of the PS&R should be effective/implemented in the next quarterly release, which will be January 6, 2003.

The PS&R system changes included in Version 28.0 are as follows:

- Inpatient Rehabilitation Facility (IRF) Prospective Payment System (PPS) Reports
- Swing Bed PPS Reports
- Home Health PPS 399 Report
- Therapy/Mammography software changes (fix utility process is part of version 28.1)

As a result of these enhancements, FIs must update the PS&R revenue code file (table) to include revenue code 0024. This will allow the IRF PPS claims to flow through the PS&R system.

The *effective date* for this PM is the release of the Version 28.0 software.

The *implementation date* for this PM is January 6, 2003.

The instructions contained in this PM should be implemented within your current operating budget.

This PM may be discarded after September 30, 2003.
