May 22, 2003  
Accounting for Social Security Administration  
Limitation on Administrative Expenses (LAE) Trust Fund**

**Proposed New USSGL Account (Effective Fiscal 2004, Available for Early Implementation Fiscal 2003)**

**Account Title:** Transfer of Expired Expenditure Transfers Receivable  
**Account Number:** 4199  
**Normal Balance:** Either

**Definition:** The amount of transfers during the fiscal year of unobligated expenditure transfers receivable from an expired TAFS to an unexpired TAFS. This transaction is not accomplished via SF 1151: Nonexpenditure Transfer Authorization. Use only with OMB approval. FACTS II normal balance assigned to this account is “debit.”

**Justification:** A new USSGL account is needed to facilitate the transfer of expenditure transfers receivable and the associated unobligated balances from an expired TAFS to an unexpired no-year TAFS. Current USSGL accounts do not accommodate the OMB requirement that this movement be reported on SF 133 line 2B. Additionally, a new line on the P&F will be created by OMB for this transfer. This transfer is not accomplished via SF 1151: Nonexpenditure Transfer Authorization. There is no movement of Fund Balance With Treasury. This transfer is permitted by law.

**Impact on USSGL Crosswalks**

USSGL Account	SF 133	FMS 2108	Program and Financing Schedule (P&F)
4199 “E”	Line 2B	Column 7	222X <sup>1</sup>

<sup>1</sup> A new line will be added to the Program and Financing Schedule as determined by OMB. Refer to the appropriate OMB examiner for details.

### **YEAR 3**

Year 3 is included in this scenario to illustrate a specific circumstance that occurs within Social Security Administration between TAFS 28-FY-8704 and 28X8704. USSGL transfer account **4199 “Transfer of Expired Expenditure Transfers Receivable”** is proposed and illustrated below as a mechanism to facilitate the transfer of expenditure transfers receivable and the associated unobligated balances from an expired TAFS to an unexpired no-year TAFS. This transfer is not accomplished via SF 1151: Nonexpenditure Transfer Authorization. There is no movement of Fund Balance With Treasury. OMB requires that this movement be reported on SF 133 line 2B. A new line on the P&F will be created by OMB for this transfer.

<sup>6</sup> The ending balance in USSGL 5750 is a result of a reversal of the original transaction that was established (refer to Year 3, transaction #1). It does not reflect an “adjustment for trust fund outlays that do not affect net cost” as defined for line 16; therefore, the ending balance in USSGL 5750 is not recorded on this line.

<sup>7</sup> Same as footnote 5.
