**SUPPLEMENTARY INFORMATION:** This rule is issued under Marketing Order No. 905 (7 CFR part 905), as amended, regulating the handling of oranges, grapefruit, tangerines, and tangelos grown in Florida, hereinafter referred to as the order. The order is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C 601-674), hereinafter referred to as the Act.

This interim final rule is also issued under section 8e of the Act, which provides that whenever specified commodities, including grapefruit, are regulated under a Federal marketing order, imports of these commodities into the United States are prohibited unless they meet the same or comparable grade, size, quality, or maturity requirements as those in effect for the domestically produced commodities. Section 8e also provides that whenever two or more marketing orders regulate the same commodity produced in different areas of the United States, the Secretary shall determine which area the imported commodity is in most direct competition with and apply regulations based on that area to the imported commodity. The Secretary has determined that grapefruit imported into the United States are in most direct competition with grapefruit grown in Florida regulated under Marketing Order No. 905, and has found that the minimum grade and size requirements for imported grapefruit should be the same as those established for grapefruit under Marketing Order No. 905.
