

"This is another avenue to promote our environmental activities."

William Nutt
Administration, Purchasing, and EMS Senior Manager TDK Components USA, Inc.

"Going beyond compliance creates a competitive advantage in the marketplace."

Karl F. Schmidt
Vice President for Worldwide Environmental Affairs Johnson & Johnson

"We're looking for better environmental performance for our installation and the opportunity for a closer relationship with our regulators."

1st Lt. Joseph R. Harris
173 Fighter Wing Kingley Field Air National Guard

"We're looking at this as the future of how EPA and companies can work together."

Tom Day
Environmental Health and Safety Specialist Heidelberg Web Systems, Inc.

"Environmental leadership means trying to do more—and achieving more."

Wayne Balta
Director of Environmental Affairs IBM

"Novozymes really appreciated the celebration held in Washington, DC in April 2002 to honor new members and provide updates to everyone. This kind of recognition, including photo opportunities with EPA Administrator Christine Todd Whitman, helps employees and our community to see results from our efforts to go beyond compliance."

Jack W. Blackmer
Environmental Affairs Manager Novozymes North America, Inc.
