¹State designation is based primarily on employee residence. See Preface for further explanation.

²Counties are excluded from publication if sampling or disclosure rules resulted in no data for that county.

³Workers of other races and workers for whom race was not reported are included in the U.S. total, state total, county totals, and in the totals for men and women.

⁴Workers with earnings reported in more than one state are counted in each state but are counted only once in the U.S. total.

⁵Based on Social Security (OASDI) annual maximum taxable earnings of \$62,700 in 1996.

⁶Includes all employer-employee OASDI and Medicare (HI) contributions. In 1996, earnings up to \$62,700 were subject to both OASDI and HI taxes. For earnings above \$62,700, only HI taxes were payable.

⁷Workers with earnings in both wage and salary employment and self-employment are counted in each type of employment but only once in the total.

⁸Data not shown to avoid disclosure.
