Services (CMS)

Transmittal A-02-034

Date: MAY 1, 2002

CHANGE REQUEST 2159

SUBJECT: Submission of the Swing Bed Minimum Data Set (MDS) Data for Swing Bed Hospitals

Section 4432(a) of the Balanced Budget Act (BBA) of 1997 specifies that swing bed facilities must be incorporated into the Medicare prospective payment system (PPS) for skilled nursing facilities (SNFs) by the end of the statutory transition period. Effective with cost reporting periods beginning on or after July 1, 2002, swing bed bills will no longer be paid based on the current cost-related method, but rather on the basis of the SNF PPS. Critical access hospitals (CAHs) with swing beds are exempt from the SNF PPS, and are not affected by the instructions in this Program Memorandum (PM). These payment rates will cover all costs of furnishing covered swing bed extended care services (routine, ancillary, and capital-related costs) other than cost associated with operating approved educational activities as defined in 42 CFR 413.85. This PM is related to the implementation of the policies and regulations discussed in the SNF PPS final rule published in the **Federal Register** on July 31, 2001 (66 FR 39562), and in Transmittal A-02-016, Change Request 1666.

In conjunction with the PPS, beginning with the specific date of each facility's new cost reporting periods starting on and after July 1, 2002, swing bed hospitals will be required to collect and submit data using the MDS for Swing Bed Hospitals (SB-MDS) assessment instrument for all patients who are receiving Medicare Part A SNF-level services. The SB-MDS is a standardized assessment tool that is completed by licensed clinical staff in the hospital, and entered into a software program that performs data integrity checks and prepares the record for electronic submission. The electronic data records will then be submitted to and stored on the National Assessment Collection Database. In order to ensure this data is accurately and timely transmitted, it is vitally important for swing bed hospitals to submit the completed Quality Improvement and Evaluation System (QIES) Technical Support Office (QTSO) Questionnaire to the Iowa Foundation for Medical Care (IFMC).

Attached are the instructions for submitting the MDS data (Attachment 1), and the QTSO Hospital Questionnaire for Hospitals with Swing Beds (Attachment 2), and a list of all the rural hospital swing bed providers we have identified (Attachment 3).

Post Attachments 1 and 2 contained in this PM on your Web site.

Notify all swing bed hospitals (other than those of CAHs) that Attachments 1 and 2 are available on your Web site, and must be completed.

The CMS is asking all intermediaries to review the attached provider list, and notify us of any additions, deletions and changes. Submit this revised listing by sending an E-mail to TSmith2@cms.hhs.gov. In your E-mail, include the name of the swing bed facility, address, and Medicare Provider Number. Since we are implementing on July 1, 2002, and conducting intermediary training in May, we would like to have a complete list of swing bed providers verified by May 17, 2002.

The *effective date* for this PM is May 1, 2002.

The *implementation date* for this PM is May 1, 2002.

These instructions should be implemented within your current operating budget.

This PM may be discarded after July 1, 2003.

If you have any questions, contact Todd Smith at (410) 786-1420 or TSmith2@cms.hhs.gov.

Subject: Submission of the Swing Bed Minimum Data Set (MDS) Data

Beginning with the cost reporting periods on and after July 1, 2002, swing bed hospitals will be required to collect and submit data using the SB-MDS assessment instrument for all patients who are receiving Medicare Part A SNF-level services.

In order to facilitate the distribution of the required logins, passwords, software, and detailed set up instructions, please complete the enclosed Quality Improvement and Evaluation System (QIES) Technical Support Office (QTSO) Questionnaire. For faster and more accurate processing, complete the online form at <http://www.qtso.com/swingbedform.html>. If this is not an option to you, forms can be returned via mail. Type or print your responses legibly. Either the electronic or handwritten form should be completed and returned within 2 weeks of receipt of this letter.

On the questionnaire, the swing bed hospital must identify a contact person and up to two system users. The contact person should be a person who is available during weekday daytime hours and is directly familiar with the swing bed-MDS process. Users are the people who will be provided with login IDs and passwords for submitting data and receiving reports.

The SB-MDS is a standardized assessment tool that is completed by licensed clinical staff in the hospital, and entered into a software program that performs data integrity checks and prepares the record for electronic submission. The electronic data records will then be submitted to and stored on the National Assessment Collection Database. Once the National Assessment Collection Database receives the file, the database will validate the data record to ensure that it meets the required specifications. The database will then generate a Validation Report for the facility.

The facility **must** possess the following in order to complete this submission process:

- A PC with the following hardware and software requirements:

EQUIPMENT			
REQUIREMENTS FOR WINDOWS 95	REQUIREMENTS FOR WINDOWS 98	REQUIREMENTS FOR WINDOWS NT	REQUIREMENTS FOR WINDOWS 2000
Pentium System (minimum) with a CD ROM Drive	Pentium System (minimum) with a CD ROM Drive	Pentium System (minimum) with a CD ROM Drive	133 MHZ or faster Pentium-compatible CPU (minimum) with a CD ROM Drive
16 megs of RAM (minimum)	32 megs of RAM (minimum)	32 megs of RAM (minimum)	64 megs of RAM (minimum)
Netscape Navigator 4.08 128-bit SSL encryption IE (only version 5.5 SP1)	Netscape Navigator 4.08 128-bit SSL encryption	Netscape Navigator 4.08 128-bit SSL encryption	Netscape Navigator 4.08 128-bit SSL encryption

- A dedicated phone line, which will be utilized exclusively for the data submission process. This dedicated line will safeguard against interruptions or breaks in your connection to the National Assessment Collection Database.
- A software program capable of encoding Swing Bed records and exporting data files in accordance with Centers for Medicare & Medicaid Services (CMS) standard record layout specifications for Swing Bed-MDS Version 1.00.
- AT&T Global Dialer Software, which is required for connection to the Medicare Data Communication Network (MDCN). This connection process is explained below.)
- Internet connectivity

Swing bed hospitals will be required to utilize a software program for preparation of the SB-MDS assessment data for submission to the National Assessment Collection Database. The CMS will provide free data entry software, called RAVEN-SB. This software meets the required record layout specifications to enable preparation and validation of the swing bed data for submission to the database.

The hospitals will utilize the AT&T Global Network Dialer software to connect to the Medicare Data Communication Network (MDCN) and submit the assessment data to the National Assessment Collection Database maintained by CMS. The MDCN network enables submission of data via a secure, private intranet mode to the National Assessment Collection Database. Each hospital will be limited to two user logins and passwords. Each selected user will receive an individual login ID and password to access the MDCN, and a login ID and password to access the National Assessment Collection Database where you will submit data and receive reports.

Upon receipt and processing of the questionnaire, the QTSO will mail a packet to the identified contact person at the facility. This packet will contain a letter identifying the login ID and password information for accessing both the MDCN and the National Assessment Collection Database. Also included with the packet will be a CD and a list of instructions to assist the user in accessing information from the CD. The CD will contain the following items:

- The required AT&T Global Dialer Software, installation instructions, and Help Desk Contact Information
- Instructions for Use of the MDCN
- Submission process instructions
- Netscape (Version 4.08 with 128-bit Encryption)
- Adobe Acrobat Reader Version 5.0
- Swing Bed Users Guide
- Swing Bed Error Message Guide
- Quick Reference Guide
- Data Specification Notes

Note that packets will be mailed beginning April 17, 2002. You must submit the completed questionnaire to receive the packet.

It is critical that the questionnaire be filled out promptly and completely. Complete it online or mail it to the address listed below within 2 weeks of receipt of this letter.

The mailing address is:

QIES Technical Support Office
Attn: Swing Bed
Iowa Foundation for Medical Care
6000 Westown Parkway
Suite 350E
West Des Moines, Iowa 50266-7771

If you have questions regarding the questionnaire, or the process for transmitting the assessment data, CMS will provide Technical Help Desk Support through the QTSO. The toll free number is (800) 339-9313, and the email address is swing_help@ifmc.org. If you email questions, please include the name and telephone number of the person who should be contacted with our response.

AT&T Global dialer software installation and AT&T password questions should be directed to MDCN Help Desk at (800) 905-2069.

In addition, there are two web sites you can use to obtain swing bed prospective payment, SB-MDS assessment, data collection and submission information. We encourage you to check both sites regularly as you prepare for the transition to the SNF PPS.

- www.hcfa.gov/medicare/snfpps_swingbed.htm: contains technical documents and program and policy information
- www.qtso.com: contains links to technical documents and clarifications of data transmission and RAVEN-SB software requirements.

QTSO HOSPITAL QUESTIONNAIRE FOR HOSPITALS WITH SWING BEDS

1. Hospital Name: «FAC_NAME» Random ID: «RANDOMID»
2. Medicare Provider Number: «PRVDR_NUM»
(Note: This is your Hospital Provider Number assigned by CMS)
3. Physical Address: «ST_ADR»
«CITY_NAME», «STATE_CD» «ZIP_CD»
4. Contact Person:
Phone Number: _____ Extension: _____
Fax Number: _____
E-Mail Address: _____
5. User Information:
User 1 Name: _____
Phone number: _____ Extension: _____
E-Mail address _____

User 2 Name: _____
Phone number: _____ Extension: _____
E-Mail address _____

Instructions for Completing the QTSO Swing Bed Questionnaire

1. Hospital name (pre-filled)
2. Medicare provider number (pre-filled)
(Note: This is your hospital provider number assigned by CMS)
3. The physical address of the hospital (pre-filled)
4. Provide the phone number, extension, fax number and E-mail address of the **contact** person
5. For each user, provide the user name, user phone number, user extension, and user E-mail address (Note that no more than 2 users per hospital are allowed.)

For online completion, see <http://www.qtso.com/swingbedform.html>, or you may mail completed typed or printed form to:
