

Environmental Products & Services Guide

2003-2004

Message from the Commissioner

“At GSA we not only provide our customers quality products and services, we also enable their environmental compliance.”

The General Services Administration’s Federal Supply Service (FSS) performs the important mission of supplying best value products and services to federal customers throughout the world. We place an emphasis on providing our federal customers the opportunity to obtain the solutions they need in a way that meets their environmental goals. These goals include minimizing waste, conserving natural resources, and reducing/preventing pollution.

This is the ninth edition of the **Environmental Products and Services Guide (EPSG)**. We have taken a number of steps over the years to identify the environmentally oriented products and services that we make available in our supply system. The EPSG continues to be designed mainly for electronic dissemination, thereby saving a considerable amount of paper and money; however, hard copies are available for customers who do not have access to the Internet. The EPSG is a major source of information about the thousands of products we offer that have recycled or biobased content, conserve energy and/or water, or contain reduced pollutants, and it also provides information about the environmental services we offer.

We also have an environmental website (www.gsa.gov/enviro) that contains not only environmental product and service information but also applicable laws, Executive orders, and other relevant regulations—as well as links to other agency sites and various environmental organizations. Our online systems, the GSA Global Supply website (www.GSAglobalsupply.gsa.gov) and GSA *Advantage*.[®] (www.GSAadvantage.gsa.gov), incorporate a number of special icons to assist customers in finding environmentally oriented items.

At GSA we not only provide our customers quality products and services, we also enable their environmental compliance.

A handwritten signature in black ink that reads "Donna D. Bennett". The signature is fluid and cursive.

Donna D. Bennett
Commissioner
Federal Supply Service

Welcome to the ninth edition of the **Environmental Products and Services Guide (EPSG)**—the best source of information on all the environmentally oriented products and services that are available from GSA's Federal Supply Service.

A detachable **Standard Form 344** (Multiuse Standard Requisitioning/Issue System Document) is provided in the back of the publication for customers unable to access the Internet.

Our environmental website www.gsa.gov/enviro also affords an opportunity to transition from a selected item to the GSA Global Supply website, *GSA Advantage!*[®], or to the Schedules e-Library.

The Appendix, which begins on page 150, contains some helpful information and a couple of interesting articles on Affirmative Procurement and Energy-Efficient Purchasing.

The hard-copy version of this edition is printed with soy ink on 100% recycled paper (made without chlorine), including 30% post-consumer recovered material. See the inside back cover for information concerning the recycling of this publication.

Ordering Information

Ordering from GSA is Easy!

Your various ordering options—GSA Global Supply, GSA *Advantage!*[®], and Schedule Programs—are described below. Please note that by ordering products and services through GSA, via the methods described here, agencies are able to avoid the significant costs associated with having to do their own contracting.

Shop Any Way You Like:

Federal Supply Schedule Program Items

Schedules E- LIBRARY

Products available on Federal Supply Schedules may be acquired by sending delivery orders directly to the contractors listed on the individual schedules, or they can be ordered through GSA *Advantage!*[®]. Schedule information can be accessed via the Internet by clicking on “Schedules e-Library” which also is located at www.gsaelibrary.gsa.gov.

For environmental products and services, the GSA/FSS Environmental Homepage at www.gsa.gov/enviro affords the opportunity to link directly to GSA *Advantage!*[®] and to specific schedules. For environmental schedule items, customers are advised to review contractor literature and contact the contractor directly to obtain complete information and certification of environmental marketing claims.

Online (24 Hours)

www.GSAGlobalsupply.gsa.gov

The organization you’ve known as “GSA Stock” or the “Customer Supply Center” has a new name: **GSA Global Supply**. Along with the name change, we’ve made numerous improvements to serve you better. But the one thing that hasn’t changed is our mission. Our job is still to make your job easier. That means quickly and smoothly moving the supplies you need to the place you need them. When you order from GSA Global Supply, you can count on our support—from order placement through delivery and billing.

The GSA Global Supply website gives you access to the items in this catalog and to tens of thousands of additional office products and tools, as well as maintenance/repair/operating (MRO) supplies. You can use your GSA SmartPay[®] purchase card or arrange direct billing with your agency’s Activity Address Code. Select the items you want and order from your desk.

Telephone

1-800-525-8027 DSN 465-1416

Call our toll-free number to place your order. We are open from 7:30 a.m. to 8 p.m. (Eastern Time), Monday through Friday.

Fax Orders (24 Hours)

1-800-856-7057

You will receive a confirmation of your order with a tracking number for your files. Use the handy order form at the back of the catalog.

Still Available:

GSA *Advantage!*[®]

www.gsaAdvantage.gov

For those who like GSA *Advantage!*[®], or want to comparison-shop with Schedule vendors from time to time, never fear: GSA *Advantage!*[®] will continue to display all GSA items and will accept your orders. We are not replacing GSA *Advantage!*[®] with the GSA Global Supply website, just providing you with a choice.

FEDSTRIP/MILSTRIP

We continue to support orders routed from the Defense Automatic Addressing System (DAAS). We’re also happy to accept your Standard Form 344 or DD 1348 by mail at:

GSA Global Supply (7FLIS)
Room 6A06
819 Taylor Street
Fort Worth, TX 76102

We Deliver to Your Desk

For most items, your order will be shipped by a small package service. A common carrier will be used for larger shipments for delivery to your receiving area. After placing your order, it will be shipped within 24 hours. Delivery is normally made within two to seven working days. A copy of the shipping record will accompany your order. Use this to verify quantities and prices of items received. As noted below, arrangements will differ for Direct Delivery items.

Direct Delivery

As you page through this catalog, you will see items that are identified with a Direct Delivery icon **DD**. Based on our analysis of the marketplace and customers' requests, we have arranged with commercial partners to make these products available to you through our convenient ordering options. As you consider adding these items to your order, remember the following about our DD inventory:

1. All items will be shipped to you directly from our vendor partners.
2. Unlike most orders, DD items will not ship within 24 hours and may take longer to reach your location.
3. Some DD items require minimum orders. Please call 1-800-525-8027 for details.
4. Freight charges may be applied to DD items. You can verify with our call center staff whether any freight charge is applicable for your order.

In all cases, GSA Global Supply will accept your order and handle the billing. Even if a vendor ships an item to you, it will appear on your credit card statement or billing as a GSA item. If there is ever a problem with any of these items, the issue can be easily resolved by calling us at 1-800-525-8027.

Billing Reminder

GSA Global Supply does not bill customers until the product has been shipped. For most items, the product ships the same or next day and the customer's account is billed. For some of the DD items noted above, shipping will take longer. Please note that we will not bill your account until we are confident that the item has been shipped to you.

Pricing

Prices are subject to change. Please confirm prices when placing your order. The best source for current pricing is www.GSAGlobalsupply.gsa.gov.

Questions

If you have questions or need additional information about ordering the products in this catalog, call us at 1-800-525-8027 or e-mail us at GSAGlobalsupply@gsa.gov.

JWOD/UNICOR:

We work with National Industries for the Blind and NISH under the Javits-Wagner-O'Day Program and with UNICOR Federal Prison Industries to provide you the top-quality supplies you expect. As important as meeting your mandatory source requirements, purchasing the JWOD and UNICOR products we distribute helps strengthen our society in ways we invite you to know:

JWOD

The JWOD Program is a socioeconomic procurement program that provides employment to over 36,000 Americans who are blind or have other severe disabilities. The program meets its employment mission by orchestrating government purchases of products and services provided by nonprofit agencies employing individuals with severe disabilities across the country. National Industries for the Blind and NISH (serving people with a range of disabilities) are the central nonprofit agencies that assist the

over 600 local nonprofits that participate in the program. By providing quality products and services on time at fair market prices, National Industries for the Blind and NISH have established their reputations as quality suppliers to their federal customers.

UNICOR

It is the mission of Federal Prison Industries (FPI): to employ and provide skills training to the greatest practicable number of inmates confined within the Federal Bureau of Prisons; contribute to the safety and security of our nation's correctional facilities by keeping inmates constructively occupied; produce market-price quality goods for sale to the Federal Government; operate in a self-sustaining manner; minimize FPI's impact on private business and labor. This program currently provides employment to over 21,000 inmates.

To locate and order the quality products provided by these programs, look for the JWOD and UNICOR identifiers throughout this catalog.

GSA Environmental Services

The Environmental Services Schedule 899 provides federal agencies access to the full range of contract support for:

- **Planning and Documentation**
- **Compliance**
- **Environmental/Occupational Training**
- **Waste Management**
- **Reclamation, Recycling and Disposal**
- **Remote Advisory**
- **Geographic Information Systems (GIS)**
- **Remediation**
- **New Services**

The Environmental Services Multiple Award Schedule 899 provides a faster, more cost efficient means for agencies to meet their environmental requirements by streamlining the contracting process. The Schedule provides the federal community with a wide range of environmental services which include:

Environmental Planning Services and Documentation

Covers your needs for environmental compliance through Environmental Impact Statements or Assessments under the National Environmental Policy Act. Provides qualified experts for your study and evaluation needs as they pertain to Endangered Species, Wetlands, and other Natural Resource Management Plans as well as Archeological, Historical and other Cultural Resource Management Plans. New this year is Homeland Security vulnerability assessments.

Environmental Compliance Services

Helps meet agency needs in Environmental Compliance Audits, Compliance Management Planning, Pollution-Prevention Surveys, and ISO 14000 Environmental Management Systems (EMS).

Environmental/Occupational Training Services

Provides the agency with both conventional and customized courses to meet requirements, including software-based interactive training, collection, analysis of comments, regulatory and economic analysis, feasibility analysis, exposure and risk assessment analysis, and much more!

Waste Management and Software

If you need analysis of various options for your waste management solutions, through this service your agency has access to industry experts that can perform various required activities such as data collection, analysis of comments, regulatory and economic analysis, feasibility analysis, exposure and risk assessment analysis, and more!

Reclamation, Recycling and Disposal Services

Establish and operate waste management or recycling program. Disposal of electronic equipment (i.e., computers, CRTs, batteries, chemicals, and biological materials).

Remote Advisory Services

Readily meet your requirements should you need access to telephonic assistance with hazardous material spills, poison, MSDS and other related services.

Geographic Information Services (GIS)

Contractors provide operations, services, advice and/or guidance covering items such as environmental mapping and cartography, migration pattern analysis, pollution analysis mapping, and mapping for emergency preparedness planning.

Remediation Services

With this service, agencies can go from environmental assessments to hazardous site cleanup under one task order. Contractors are available for such requirements as biological and chemical testing including: remedial actions; ordnance removal and support; preparation, characterization, field investigation, conservation and closure of site.

How to Reach Us:

Should you have any questions, we encourage you to visit our website at www.gsa.gov/mgmtservices.

We can also be reached by phone at 1-800-241-7246 (RAIN) or E-mail us at environmental@gsa.gov.

Solvent & Aqueous Recycling

Introduction of New Services

Any new services in the future that bring forward technologies useful to the federal community are covered under this service.

The purpose of these services is to help your agency meet the challenge of continually changing environmental demands. Schedule 073—Food Service, Hospitality, Cleaning Equipment, and Supplies, Chemicals and Services—provides on-site maintenance services for solvent and aqueous recycling equipment, as well as replacement and disposal of contaminated solvent, sludge and residue. The schedule provides the means to comply with all applicable federal, state, local and municipal laws, codes, ordinances and regulations, with minimal risks. These services include:

Servicing Contractor-Owned Parts Washers

Placement of parts cleaning equipment, cleaning and removal of contaminated solvent and sludge, replenishment with clean recycled solvent, and performing all maintenance repairs.

Servicing Government-Owned Parts Washers

Removal of contaminated solvent and replenishment with recycled solvent, cleaning and site removal of sludge and residue.

Solvent Replenishment Service

Cleaning and transfer of accumulated sludge into holding dispensers. Replenishment with new solvent. No waste removal from site is performed with this service.

Aqueous Replenishment Service

Cleaning and transfer of accumulated sludge into holding dispensers, replenishment with new aqueous cleaner. No waste removal is performed with this service.

Servicing Aqueous Contractor-Owned Equipment

Placement of cleaning equipment, initial aqueous cleaning solution, site removal of contaminants, cleaning and regular maintenance of the machine.

Servicing Aqueous Government-Owned Equipment

Removal of contaminated aqueous cleaner and replenishment with new cleaner. Removal of contaminants from user site.

How to reach us:

For your ordering convenience, you may fax or e-mail your order (24 hours a day) to:

Fax: (817) 978-2605

E-mail: rp&c.gpc@gsa.gov

These items are also available on GSA *Advantage!*[®]—our online shopping service—at the following website: www.gsaAdvantage.gsa.gov

Energy Services

Federal Supply Schedule 871 II – Energy Services

No matter what your energy source is, we can help you get it—and manage it—efficiently.

Products include procurement of electricity, natural gas, and renewable energy.

Services include Energy management such as energy audits, program support, studies, planning, analysis and building commissioning.

Relevant Special Item Numbers:

871-200 Energy Management Program Support:

Energy planning and strategies, energy choice analysis, risk management, metering services, bill and management oversight, preparing statements of work.

871-201 Energy Audit Services:

Energy audits, resource efficiency management, use of alternative energy sources, building commissioning services.

871-203 Managing the Procurement and Use of Natural Gas and Renewable Energy:

Supplying natural gas in deregulated markets.
Emergency power sources.

871-204 Managing the Procurement and Use of Electricity and Renewable Energy:

Supplying electricity in deregulated markets.
Emergency power sources.

GSA Environmental Products

With respect to the products contained in the Environmental Products and Services Guide (EPSG), there are thousands of items that have recycled content, conserve energy and/or water, or have reduced pollutants to help address environmental concerns relative to minimizing waste, conserving natural resources, and preventing pollution.

It is GSA's policy to offer products that fully comply with all environmental regulations. Changes in requirements imposed subsequent to publication will be complied with and reflected in the products received.

The organization of the products part of the EPSG is along commodity lines and, where applicable, multiple methods of supply are shown together.

For example, if there are paper products and other office supplies available on Federal Supply Schedule, as well as from GSA Global Supply, both of these sources will be depicted in the same area. As in previous editions, environmental notations are provided for all of the listings to convey specific attributes. For example, items with recycled content are so identified along with the percentage and kind of recycled content, as shown below:

50% Recovered Material, Including 10% Post-Consumer Material

Item descriptions in the EPSG are brief, by design, since the purpose is to provide sufficient information to generate management and employee awareness of environmental products and services that are similar to supplies currently being used in day-to-day operations. Although enough information is available to place orders, customers desiring more details are referred to the original documents which contain the products, such as the GSA Global Supply Catalog or Federal Supply Schedules.

Icon Key

The following is a list of icons used in this publication and the information each icon represents:

Comprehensive Procurement Guideline Compliant. EPA-designated items required to have specific amounts/percentages of recycled content.

Industry-recognized EPA and DOE trademark label for certain items that meet specific energy-efficiency criteria.

Items with recycled content, other than EPA CPG items.

Items meeting DOE Federal Energy Management Program (FEMP) energy-efficiency criteria other than Energy Star®.

Items with other environmental attributes, such as lead free, low VOC, etc.

Material Safety Data Sheet is available

Biobased: Items that have, at least, some partial content that consists of biological, plant, animal, marine, or forestry material.

Items currently under contract and shipped directly from vendors.

CA certified to meet or exceed applicable air admissions standards established by the California South Coast Air Quality Management District

Key information to help buying decisions

Items with biodegradable packing materials, as required by U.S. Navy's Plastics Removal in Marine Environment program

Contact us for more information

Commitment to the Environment

It is GSA's policy to offer products that fully comply with all environmental regulations.

GSA Global Supply offers hundreds of items that have recycled content, conserve energy and/or water, or have reduced pollutants to help address environmental concerns relative to minimizing waste, conserving natural resources, and preventing pollution.

COMPUTER PRODUCTS

Recycled 3-1/2" Disks

Green disks are high-quality 3-1/2" disks that have been collected from environmentally aware software companies and recycled for resale. Double-sided, high-density disks have been written to only once in a high-speed disk duplicator and are formatted for IBM and other 1.44 MB systems.

Charge Out Folder

Charge out folder tracks the status of a project. Folder has a dual purpose: as an out guide or as a holding folder until file is complete. Each folder has a ruled space on the front for writing charge out data. Made of standard-duty, 147-lb manila stock, with a plain, folded bottom. Letter-size folder has a 1/5-cut, center-position self-tab printed with "OUT".

♻️ Contains 50% Recovered Material, Which Includes 20% Postconsumer Material

Federal Supply Schedule 70

GENERAL-PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT, SOFTWARE & SERVICES

OFFICE EQUIPMENT TECHNOLOGIES

Computers, Monitors, Printers, Fax Machines, Multifunctional Devices and Scanners

The Federal Supply Services' Information Technology (IT) Acquisition Center is a leader in embracing the age of technology! The center currently has over 2,800 vendors under contract with more than 500,000 products and services available. These IT products are some of our fastest-moving, highest-volume items available under the Multiple Award Schedule program. We've got the IT products you need to help keep your office systems running efficiently.

To assist our customers' efforts in complying with various environmental laws and Executive orders relating to energy efficiency, our Schedule contractors are required to identify their Energy Star® office equipment.

FSS offers an array of environmental products and services. Visit our Environmental Programs website at www.gsa.gov/enviro.

The Environmental Protection Agency estimates that the typical American business with 100 computers, 10 laser printers and three copiers spends more than \$4,700 each year to power its equipment. If the equipment were Energy Star® and the power-down features enabled, energy use would be cut in half. Available IT-type equipment includes: computers; monitors; printers; scanners; multifunction devices. A "typical" Energy Star® computer has the ability to "power down" automatically, after a predetermined period of inactivity, to 30 watts or less when not in use. This computer equipment may actually last longer than a conventional computer product without the ability to power down, because the Energy Star®-compliant computer spends a large portion of time in its low-power sleep mode. Energy Star® IT products also generate less heat than nonconforming products. Upgrading your existing equipment to Energy Star®-compliant equipment contributes to a cooler and more comfortable work space and reduces air-conditioning costs as well.

DOCUMENT MANAGEMENT PRODUCTS AND SERVICES

OFFICE IMAGING AND DOCUMENT SOLUTIONS

Copiers

This group of energy-efficient products includes analog and digital photocopiers with single- or full-color imaging, available in desktop and console configurations. Digital equipment includes both stand-alone and multi-functional photocopiers. Volumes range from under 1,000 to more than 450,000 copies per month for the heavy user. Flexibility comes with a variety of document- and paper-handling capabilities—including document enlargement/reduction, document feeding, duplexing,

stapling, punching and collating. And now, the digital multi-functional photocopiers have connectivity to individual workstations or networks, including fully integrated capabilities for copying, printing, scanning to print/file and facsimile, or modular expansion capabilities that will permit upgrades from stand-alone to multi-functional.

TWO SIMPLE WAYS TO IDENTIFY AND PURCHASE ENERGY-EFFICIENT PRODUCTS

LIGHTING TECHNOLOGIES

LAMPS AND TASK LIGHTING

Illuminate your life in an energy-saving way! Once you try it, you'll see how easy a small change makes a big difference.

Many of the torchieres and lamps on Schedule 72 II are hardwired to exclusively use Energy Star®-compliant Compact Fluorescent Light (CFL) bulbs which are 80% more efficient than incandescent light bulbs. Most other lamps on Schedule 72 II can be modified to use energy efficient CFL's.

**Relevant Schedule
72 II Special Item
Number:**

722-01 Lamps/Shades
Includes floor lamps, table lamps and wall lamps (including electrical sconces), track lighting, and replacement lamp shades. All lamps include an appropriate shade.

COMPACT FLUORESCENT LAMPS

FSS offers an array of environmental products and services. Visit our Environmental Programs website at www.gsa.gov/enviro to find out what we have to choose from. Energy Star® Products are available.

Special Ordering Instructions:

Replacement bulbs should be ordered from sources under Federal Supply Schedule 56. In addition to the lamps available under Schedule 72 II, much of the task lighting available for use with the systems furniture under Schedule 71 I utilizes fluorescent lighting which is more energy-efficient than incandescent lighting.

LIGHTING TECHNOLOGIES

LIGHTING SENSOR SYSTEMS

These systems control lights based on detection of motion or sound. Along with standard systems, there are enhanced systems available for warehouse and industrial applications. A photocell is built-in which allows the user to set the light level at which motion detection will turn lights on. This feature also allows lights to be deactivated during daylight hours.

Relevant Special Item Numbers:

206-8 Lighting Sensor Systems: systems which operate as switches to turn lights on and off.

LIGHTING BALLASTS

Products include Energy-Saving Lighting Ballasts, Electromagnetic for Linear Fluorescent Lamps (T8-T12), encapsulated, weatherproof, Electronic, Rapid start. Low/High Frequency also available.

Relevant Special Item Numbers:

206-9 Energy-Saving Lighting Ballasts

Order directly from contractors

Note: No Energy Star® products available. The Department of Energy's Federal Energy Management Program (FEMP) established a recommended minimum energy efficiency level that federal buyers should consider when purchasing items under this product grouping. Visit the FEMP website at <http://www.eere.energy.gov/femp/procurement> to learn more about their efficiency recommendations.

"FEMP's Product Energy Efficiency Recommendations provide agencies with an excellent screening resource to help in their energy-efficient purchasing decisions."

—Beth Shearer, FEMP's Director

INDUSTRIAL HID LUMINARIES

Control your lighting as you see fit! These Industrial HID luminaires provide multiple socket positions to accommodate different lamps and provide narrow or wide light distribution. Choose from metal halide (MH) lamps and high-pressure sodium (HPS) lamps. Capacitive switching with special HID ballasts can provide bi-level lighting control for use with occupancy sensors in warehouses, garages, or other areas with intermittent occupancy.

Relevant Special Item Numbers:

206-11 High-Pressure Sodium and Metal High Lighting Fixtures

COMPUTER PAPER

A

Single-Part Computer Paper

A. Single-part continuous form paper has a 20-lb basis weight.

Contains 20% Recovered Material, Which Includes 20% Postconsumer Material

7530-01-413-0730 White Size: 14-7/8 x 11" BX(contains 2700 SH) \$34.31

B. Continuous, flat-fold computer paper is intended for use in a variety of printers (including Autodin) and features holes punched on both margins for a smooth sprocket feed. Paper set measures 9-1/2 x 11".

Paper is carbonless, with vertical margin perforations located 1/2" from the left and right sides of each sheet.

Has a 20-lb. basis weight.

Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

7530-00-800-0996 JWOD White Single-part BX(contains 2500 SH) \$24.07

B

C. Continuous, flat-fold computer paper features holes punched on both margins for smooth sprocket feed.

Has a 20-lb. basis weight. Horizontal green shaded areas are printed 1/2" wide and 1/2" apart. There is a vertical margin perforation on the left side of each sheet only.

Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

7530-00-838-9129 White Size: 14-7/8 x 8-1/2" BX(contains 2500 SH) \$27.72

Has a 20-lb. basis weight. Has three horizontal lines per inch, with the third line printed darker. Four holes are punched along the top and bottom of each sheet for convenient filing.

Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

7530-00-249-4847 White Size: 14-7/8 x 11" BX(contains 2500 FD) \$35.61

Has a 20-lb. basis weight. Has three horizontal lines per inch, with the third line printed darker.

Does not have vertical margin perforations.

Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

7530-00-145-0414 White Size: 14-7/8 x 11" BX(contains 2500 SH) \$28.55

Has a 20-lb. basis weight.

Paper features vertical margin perforations 1/2" from the left and right sides. Horizontal tear line perforations are provided every 3-2/3".

Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

7530-00-731-5363 JWOD White Size: 13-5/8 x 3-2/3" BX(contains 7500 EA) \$49.76

The products in this guide are environmentally oriented items. These items may have recycled or biobased content, conserve energy and/or water, or contain reduced pollutants.

COPIER AND PRINTER PAPER

100% Post-Consumer Paper

100% Post-consumer materials. This product meets the need for an environmentally friendly paper, while delivering reliable, high quality performance. With 84 brightness, it is excellent paper for daily use in copiers and printers. This paper is processed chlorine free (PCF) without additional bleaching. Both paper and packaging are recyclable with general office waste. Product is 20lb basis weight, white. Price indicated reflects a box of 5,000 sheets. Any photos shown of this product are representative only - brand shipped may vary.

100% Postconsumer Material

7530-01-503-8441	Size: 8-1/2 x 11"	BX(contains 5000 SH)	\$47.85
7530-01-503-8449	Size: 8-1/2 x 14"	BX(contains 5000 SH)	\$67.78
7530-01-503-8453	Size: 11 x 17"	BX(contains 5000 SH)	\$49.99

3-hole punched.

7530-01-503-8445	Size: 8-1/2 x 11"	BX(contains 5000 SH)	\$54.12
------------------	-------------------	----------------------	---------

Copier Paper

Dual-purpose recycled paper which can be used in high-speed dry toner copiers and on offset duplicating equipment. 20-lb. basis weight.

Sheets are not hole punched.

Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

7530-01-335-2623	White	Size: 8-1/2 x 11"	BX(contains 10 RM)	\$26.85
7530-01-454-8006	XEROX P/N 3R6296 White	Size: 8-1/2 x 11"	BX(contains 10 RM)	\$33.26

DD**Direct Delivery**

As you page through this catalog, you will see items that are identified with a Direct Delivery icon **DD**. Based on our analysis of the marketplace and customers' requests, we have arranged with commercial partners to make these products available to you through the convenient ordering options. As you consider adding these items to your order, remember this about our **DD** inventory:

1. All **DD** items will be shipped to you directly from our vendor partners, not from a GSA warehouse;
2. Unlike most GSA Global Supply orders, **DD** items will not ship within 24 hours and may take longer to reach your location.
3. Some **DD** items require minimum orders. For details, please call customer service at 1-800-525-8027.
4. Freight charges may be applied to **DD** items. You can verify with our customer service staff whether any freight charge is applicable for your order.

In all cases, GSA Global Supply will accept your order and handle the billing. Even if a vendor ships an item to you, it will appear on your credit card statement or billing as a GSA item. If there is ever a problem with any of these items, you can resolve that issue easily by calling our customer service staff at 1-800-525-8027.

Index Paper

This sturdy paper stock is the right choice for generating posters or index cards. Has a 110-lb. basis weight.

Chemical wood-pulp paper.

Telephone Message Pad

This spiral-bound message pad features perforated edges and creates a carbonless copy. Each form measures 2-5/8 x 6-1/4". Four forms per page.

Book includes 200 message forms in all.

♻️ 30% Postconsumer Material Contains 30% Recovered Material

7510-01-357-6829 JWOD Page Size: 7 x 11" EA \$3.87

Book includes 400 message forms in all.

♻️ 30% Postconsumer Material Contains 30% Recovered Material

7510-01-357-6830 JWOD Page Size: 7 x 11" EA \$5.79

Ruled Loose-Leaf Paper

Horizontally ruled bond filler paper for use in loose-leaf binders. This familiar paper features faint blue lines on each sheet. (The binding side measurement is listed first.)

Paper is punched for three-ring binder use. Has a 16-lb. basis weight.

Holes are spaced 2-3/4" apart, and lines are spaced 1/4" apart.

♻️ Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

7530-00-286-4336 CPG JWOD White Size: 8-1/2 x 5-1/2" HD \$1.16

Holes are spaced 3-1/2" apart, and lines are spaced 1/4" apart.

♻️ Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

7530-00-286-4338 CPG JWOD White Size: 9-1/2 x 6" HD \$1.29

Paper is punched for use in three-ring binders.

Holes are spaced 4-1/4" apart and are reinforced with clear mylar. Lines are spaced 1/4" apart.

♻️ Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

7530-00-559-9836 CPG White Size: 8-1/2 x 11" HD \$4.01

Horizontally and vertically ruled bond filler paper is punched for three-ring binder use. Made of bleached wood pulp. Quadrille ruled; holes are spaced 4-1/4" apart. The binding side measurement is shown first. Has a 16-lb. basis weight.

♻️ Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

7530-00-286-4339 CPG JWOD White Size: 11 x 8-1/2" HD \$1.92

Memorandum Book

This versatile book features a flexible cover with rounded corners and white sulfite writing paper. Does not include an index; pages are not numbered.

Cover is made of artificial leather with stitching detail. Contains 144 pages.

Opens at the side.

♻️ Contains 50% Recovered Material, Which Includes 30% Postconsumer Material

7530-00-222-0078 CPG Green Size: 6 x 3-1/2" DZ \$8.25

Ledger Graph Paper

B. Cross-sectioned ledger paper serves a variety of accounting and bookkeeping uses. This 100% wood-pulp paper has a 24-lb. basis weight.

Blue lines are spaced 10 x 10 to the inch on one side of the paper, with every 10th line printed darker. Each sheet features an 8 x 10" printed area.

 Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

7530-00-558-1153			White	Size: 8-1/2 x 11"	PD(contains 24 SH)	\$3.29
------------------	---	--	-------	-------------------	--------------------	--------

CARBON AND TRANSFER PAPER

Carbon Paper

Specially designed for use with manual and electric typewriters and can be used up to 12 times. Normal typewriter impressions will carry through as many as 12 carbon/manifold paper sets. Corners are cut for easy removal, and the carbon will not smudge or slip.

♻️ Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

7530-00-244-4073	CPG	Black	Size: 8-1/2 x 5"	HD	\$1.59
7530-00-244-4035	CPG	JWOD	Black	Size: 8-1/2 x 11-1/2"	HD \$5.18

Ideal for making copies of writings and drawings! Durable, curl-resistant paper is carbonized on one side and intended for pencil use. Each sheet can be used several times.

♻️ Contains 50% Recovered Material, Which Includes 0% Postconsumer Material

7530-00-782-3994	CPG	Black	Size: 6 x 8"	HD	\$1.59

7530-00-285-2906	CPG	Yellow	Size: 9 x 12"	HD	\$2.84

Drawing Paper

Detail paper is for pencil, ink and watercolor work.

Made of 100% rag stock with a smooth finish on both sides. For permanent records and ink drawings subject to severe and frequent handling.

Paper has a 50-lb. basis weight. TYI CLI STYA.

♻️ Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

7530-00-985-7259	CPG	White	Size: 18 x 24"	HD	\$43.03
------------------	-----	-------	----------------	----	---------

Stencil Board

Board is oiled for ink-resistance and can be used with ordinary stencil ink or paint. Apply paint or ink with a brush, spray gun or roller. Gives a clean cut on a stencil machine or stamp. Resists fuzzing when used repeatedly. Made of long-grain stock.

Lightweight (47- to 60-lb. basis weight), moderate-wear resistance paper with a thickness of 0.010 to 0.012".

♻️ Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

9310-00-282-2501	DD	CPG	Size: 20 x 24"	HD	\$112.23
------------------	----	-----	----------------	----	----------

Heavyweight (70- to 92-lb. basis weight), high-wear resistance paper with a thickness range of 0.013 to 0.018".

♻️ Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

9310-00-160-7853	CPG	Size: 8 x 24"	HD	\$14.94
9310-00-160-7858	CPG	Size: 24 x 36"	HD	\$60.44

In response to your specific requests, we are constantly adding new items to our shelves and catalogs.

ADDRESSING, MAILING AND DOCUMENTATION

Address Label

A. Pressure-sensitive, non-removable label features rounded corners and no border. This rectangular label adheres to envelopes, packages and most surfaces, making it terrific for general-purpose identification.

🕒 18-month maximum shelf life (extendable) ♻️ Contains 20% Recovered Material, Which Includes 20% Postconsumer Material

7530-00-781-6216	CPG	White	Size: 5 x 3"	BX(contains 50 EA)	\$1.17
------------------	-----	-------	--------------	--------------------	--------

B. White label adheres to most surfaces by simply peeling off backing and pressing on. Large enough to accommodate six lines of print. Nonremovable label measures 3-1/2 x 1-1/8". Fanfolded every eight labels; one across.

🕒 18-month maximum shelf life (extendable) ♻️ Contains 20% Recovered Material, Which Includes 20% Postconsumer Material

7530-00-982-0064	CPG	JWOD	Blue Stripe	PG(contains 248 EA)	\$0.90
7530-00-982-0062	CPG	JWOD	Red Stripe	PG(contains 248 EA)	\$0.90
7530-00-982-0066	CPG	JWOD	Solid White	PG(contains 248 EA)	\$0.90

Addressograph Label

C. Rectangular, fanfolded labels sport rounded corners and are for use in Addressograph machines requiring a 1/8 x 5/8" feed slot on horizontal slit between labels. Backing sheet is 3-1/2" wide; perforated for easy separation. Pressure-sensitive labels are nonremovable and can be used in high and low temperature extremes. Will adhere to paper, cardboard, wood, glass and metal.

🕒 18-month maximum shelf life (extendable) ♻️ 30% Postconsumer Material

7530-00-054-1575	CPG	JWOD	White	Size: 3-1/4 x 2"	BX(contains 5000 EA)	\$28.45
------------------	-----	------	-------	------------------	----------------------	---------

Postage Meter Tape

D. Gummed postage meter tape provides a convenient red mark that alerts users when roll is nearing its end. Made of kraft or bleached wood-pulp paper.

For use on Pitney Bowes 4000 and Singer-Frieden 9010 meters. Outside diameter measures 5-1/8".

🕒 24-month maximum shelf life (extendable) ♻️ Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

7530-00-912-3924	CPG	White	1-5/16" x 65 ft.	PG(contains 6 EA)	\$12.55
------------------	-----	-------	------------------	-------------------	---------

For use on Pitney Bowes 5400 and 6200 meters. Outside diameter: 2-1/2".

🕒 24-month maximum shelf life (extendable) ♻️ Contains 50% Recovered Material, Which Includes 20% Postconsumer Material

7530-00-912-3925	CPG	White	1-5/16" x 65 ft.	PG(contains 6 EA)	\$4.94

D

ENVELOPES

Shipping Bag

E. Cushioned paper shipping sacks are made of kraft paper, are water-resistant and feature a pressure-seal adhesive flap closure that is protected by a liner.

Preprinted with "From" and "To," followed by three lines for addressing. (Dimensions shown below are outside minimum.)

Each sack contains 30% postconsumer material for paper and 100% postconsumer material for cushioning. Features the recycled logo printed on the back, as well as bar coding.

8105-01-385-7246		Brown	Size: 6 x 10"	PG(contains 50 EA)	\$8.97
------------------	---	-------	---------------	--------------------	--------

F. Water-resistant envelope protects publications, small parts, and other articles during mailing and handling. Made of double-walled kraft paper and features a flat bottom. Opens on one short side. Ideal for packaging items that weigh up to 10 lbs.

Cushioned envelope features a padding of macerated paper and an easy-opening tear strip on back. Opening can be glued, stapled, or taped closed.

Sacks are preprinted with "From" followed by three lines and "To" followed by four lines with "Zip + Four" for addressing. Each sack contains 30% post-consumer material for paper and 100% post-consumer material for cushioning. Displays the recycled logo on the back.

Disk Mailer

This fiberboard or paperboard mailer with static-protective lining is preprinted with warnings against bending, moisture, and magnetic fields and with "From" and "To" followed by three blank lines for easy addressing. Adhesive closure.

Holds one to five 3-1/2" disks.

Contains 40% post-consumer material for fiberboard or 80% post-consumer material for paperboard.

♻️ Postconsumer Material

SHIPPING BOXES AND CONTAINERS

Corrugated Box

This corrugated, fiberboard box is designed for domestic and overseas consolidated shipment of aircraft parts, general supplies and equipment. Weather-resistant box comes unassembled, requiring only minimal construction. Maximum weight of box and contents is 280 lbs.

Features triple-wall construction.

Half-slotted box comes with a cover (transporter).

 Contains 30% Recovered Material, Which Includes 30% Postconsumer Material

8115-00-901-6428	DD	Size: 83 x 49 x 28"	EA	\$110.93
------------------	----	---------------------	----	----------

This corrugated, fiberboard shipping box features overlapped, glued joints or butted, taped joints. (Dimensions shown below are inside dimensions in order of length, width and depth.)

Single-walled box falls into the domestic service class and is not weather-resistant.

Regular-slotted box has a bursting strength of 125 p.s.i. With four flaps on top and on bottom; outer flaps meet when closed. Style RSC. Maximum weight of box and contents is 20 lbs.

 Contains 40% Recovered Material, Which Includes 40% Postconsumer Material

DD Direct Delivery

As you page through this catalog, you will see items that are identified with a Direct Delivery icon **DD**. Based on our analysis of the marketplace and customers' requests, we have arranged with commercial partners to make these products available to you through the convenient ordering options. As you consider adding these items to your order, remember this about our **DD** inventory:

1. All **DD** items will be shipped to you directly from our vendor partners, not from a GSA warehouse;
2. Unlike most GSA Global Supply orders, **DD** items will not ship within 24 hours and may take longer to reach your location.
3. Some **DD** items require minimum orders. For details, please call customer service at 1-800-525-8027.
4. Freight charges may be applied to **DD** items. You can verify with our customer service staff whether any freight charge is applicable for your order.

In all cases, GSA Global Supply will accept your order and handle the billing. Even if a vendor ships an item to you, it will appear on your credit card statement or billing as a GSA item. If there is ever a problem with any of these items, you can resolve that issue easily by calling our customer service staff at 1-800-525-8027.

Contract: GS-14F-1222H

Offers a variety of reusable, inflatable packaging products as well as one-piece foldable cushioning modules.

Products displaying this symbol contain biodegradable packing materials as required by the U.S. Navy's Plastics Removal in Marine Environment Program.

APPLIANCES

Gas Water Heater

Gas-fired water heater is designed for residential use.

Operates on natural gas.

Capacity: 40 gallons; Height: 63"; Diameter: 21".

Energy-Efficient Item

4520-00-585-2986 EA \$223.13

Electric Water Heater

Electric water heater is ideal for residential use. Features double heating units and operates on 230/240V, AC 60-Hz.

Tabletop model has regular power input. The lower and upper heating units have 1,000w each.

Capacity: 40 gallons; Height: 36-1/2"; Diameter: 25".

Energy-Efficient Item

4520-00-727-7134 EA \$416.58

Tabletop model has speed-heater power input. Lower and upper heating units have 4,500 watts each.

Capacity: 40 gallons; Height: 36"; Diameter: 24".

Energy-Efficient Item

4520-00-033-4287 EA \$487.31

Round tank has speed-heater power input. Lower and upper heating units have 4,500 watts each.

Capacity: 40 gallons; Height: 46-1/2"; Diameter: 22-1/2".

Energy-Efficient Item

4520-00-033-4283 EA \$172.13

Round tank has regular power input. Lower heating unit has 750 watts and the upper heating unit has 1,250 watts.

Capacity: 40 gallons; Height: 46-1/2"; Diameter: 22-1/2".

Energy-Efficient Item

4520-00-033-4284 EA \$184.11

Round tank has regular power input. Lower heating unit has 750 watts and the upper heating unit has 1,250 watts.

Energy-Efficient Item

Office Water Cooler

Fresh water at your fingertips. Bubbler-style drinking water dispenser gives a stream of water that arches from the outlet to the drain pan. Attaches to normal, pressurized water supply pipe. Water cooled unit has a self-closing faucet and is encased in a steel cabinet. With corrosion-resistant fittings and a three-wire cord. Operates on 110 to 120 volts AC, 60-Hz power. Meets UL and industry standards. Certified lead free by the manufacturer.

Freestanding unit.

Produces 9-1/2 gallons per hour draw off capacity.

Lead-Free Item According to ASTM/EPA Test Methods

4110-00-203-2706 12" w x 12" d x 40" h EA \$365.01

Freestanding unit.

Produces 9-1/2 gallons per hour draw off capacity.

Lead-Free Item According to ASTM/EPA Test Methods

4110-00-255-8760 12" w x 12" d x 41-1/2" h EA \$267.90

For attaching to walls.

Produces 4.8 gallons per hour draw off capacity.

Lead-Free Item According to ASTM/EPA Test Methods

4110-00-782-5125 19" w x 19" d x 33" h EA \$312.72

This barrier-free unit uses a single valve to control flow of water so that it may be consumed directly from fountain without glasses or cups with pushbar front operation. Water is mechanically cooled to 50 degrees F. Unit complies with Americans With Disabilities Act when properly installed and is lead-free. The dispenser uses bubbler-type pressure. Compressor runs on 115V, 60-Hz, single-phase power.

For attaching to walls.

Produces 6 gallons per hour draw off capacity.

Lead-Free Item According to ASTM/EPA Test Methods

4110-01-280-0178 19" w x 19" d x 21-1/2" h EA \$303.15

Water cooler quenches your thirst with electronically cooled water and features a self-closing faucet. A five-gallon inverted glass bottle, NSN 8125-00-132-9566 (not included), supplies water by the force of gravity. Freestanding unit has an air-cooled condenser. Freon coolant is required. Use only when pressure-type dispensers are impractical. 0.95 gallon per hour minimum of chilled 50° F drinking water at ARI rating conditions. It comes with a receptacle for waste water so no drain line is required. Operates on 110 to 120 volts AC, 60-Hz power and has a three-wire cord. Meets UL and industry standards. Certified lead free by the manufacturer.

Lead-Free Item According to ASTM/EPA Test Methods

4110-00-203-0565 25" w x 25" d x 38-1/2" h EA \$176.25

GSA Global Supply is your reliable government source for office supplies, equipment, and commercial cleaning products.

MATS AND MATTING

Insulating Floor Matting (Dielectric)

A. This synthetic rubber or vinyl matting is excellent as a safety measure to protect against accidental exposure to electrical charges (up to 3000V). The fire-resistant mat covers floors around electrical equipment and circuits. Back side features a roughened or imprinted surface accidental exposure to electrical charges not exceeding 3000V. MIL-DTL-15562.

This solid-color, runner-type matting is designed for use in single strips in front of workbenches, switchboards and electrical panels.

Has a nonslip, raised diamond surface.

7220-01-057-1897	CPG	Gray	Width: 36"; Thickness: 3/16"	RO(contains 25 YD)	\$255.38
7220-01-056-1944	CPG	Green	Width: 36"; Thickness: 3/16"	RO(contains 25 YD)	\$275.92

Has a smooth surface.

Furniture Services

KEEP YOUR FURNITURE INVESTMENT LOOKING GREAT WITH ENVIRONMENTALLY FRIENDLY SERVICES FOR FURNITURE AND FURNISHINGS

Suppliers perform a wide variety of services to extend the useful life of furniture and furnishings (carpet and draperies), thus keeping them out of the landfill, such as restoring, repairing, renovating, reupholstering and cleaning—onsite or at the supplier's facility—using nontoxic, odorless refinishing and cleaning solutions. Cleaning processes help agencies not only reduce replacement costs but also improve indoor air quality by removing significant allergenic pollutants.

Save thousands of dollars in furniture replacement costs and transform worn furniture and furnishings into like-new condition—and at the same time, conserve our planet's resources. Our service providers stand ready to provide advice and recommendations tailored to your specific needs.

Floor Coverings

CARPETS, RUGS, TILES AND CUSHIONS, MATS AND MATTING, AND RESILIENT FLOORING

Schedule 72 I A

Notes:

Low-VOC, low-odor installation adhesives which help to alleviate indoor air quality problems are available from most carpet vendors under Schedule 72 I A.

Dupont Antron carpet fiber has received an EPP (Environmentally Preferable Product) certification from Scientific Certification Systems (SCS), an independent third-party certifier for environmental claims. Carpet products from suppliers listed in this publication, as well as in GSA Schedules e-Library under Schedule 72 I A, made with Dupont Antron fiber have an additional environmental attribute for your purchase consideration. For more information about EPP, visit www.epa.gov/opptintr/epp. For more information on Dupont Antron, call 1-800-4DUPONT or visit antron.dupont.com.

BUY BIOBASED

In May 2002, the President signed the Farm Bill which promotes the purchase of biobased products. Special Item Number (SIN) 31-601, Schedule 72 I A for flooring covers recycled content and biobased products. To fill this requirement, several manufacturers are in the process of adding carpets with biobased content cushion backings to their schedule contracts in the near future. Customers are encouraged to check Schedules e-Library for suppliers listed under the above SIN when looking for the most current biobased and recycled content flooring product information.

Lees Carpet

Division of Burlington Industries, Inc.,
P.O. Box 26027
Greensboro, NC 27420-6027

Performance backed carpet contains a naturally renewable **biobased** ingredient as well as post-consumer recycled content.

Contact: David Stinson
Phone: (703) 818-8703
Contract: GS-27F-8455A

Did you know that using recycled content carpet as well as carpet reuse and recycling programs help keep millions of pounds of carpet per year out of the nation's landfills?

GSA holds frequent training and informational sessions about its products and services. Check our website at fss.gsa.gov/events to find out when the next seminar will be.

Smarter Solutions

Federal Supply Schedule 51 V

HOUSEHOLD AND RESIDENTIAL APPLIANCES

RESIDENTIAL APPLIANCES

GSA provides name-brand appliances that are environmentally friendly and meet federal requirements. This product group includes (but is not limited to) energy-efficient refrigerators/freezers, washers, dryers, microwaves, ranges, water coolers, drinking water dispensers, air purifiers, circulating and ceiling fans, air coolers, combination appliances, dishwashers and window, wall and ceiling air conditioners.

Relevant Special Item Numbers:

639-001 Domestic commercially available products and accessories from appliances vendors.

639-002 Export commercially available products and accessories.

639-003 Services.
Ancillary services such as, but not limited to, extended warranty, installation and removal of replaced products, leasing, rental and trade-ins.

639-99 Introduction of New Products/Services.

A new or improved product is a product offered anytime that has the potential to provide more economical or efficient means for federal agencies to accomplish their mission. It may be a product existing in the commercial market, which is being developed, improved or not yet introduced to the Federal Government. It also may perform a new task or procedure not currently available under any GSA contract.

Schedules E- LIBRARY

GSA publications, including copies of the Federal Supply Schedules, are available at no cost from the GSA Centralized Mailing List in Fort Worth, TX at (817) 334-5215.

Federal Supply Schedule 51 V

OFFICE & HOUSEHOLD APPLIANCES

GSA'S MULTIPLE AWARD SCHEDULE OFFERS:

- Competitive Pricing
- Flexibility to Negotiate Discounts
- Direct Ordering from the Contractor
- Establish Your Own Blanket Purchase Agreements
- Broader Product Line from Brand-Name Manufacturers
- Commercial Warranties
- Payment with the GSA SmartPay® purchase card
- Greater Access to Energy Star Appliances

Relevant Special Item Numbers:

- 639-001** Domestic commercially available products and accessories from appliances vendors.
- 639-002** Export commercially available products and accessories.
- 639-99** Introduction of New Products/Services.

A new or improved product is a product offered anytime that has the potential to provide more economical or efficient means for federal agencies to accomplish their mission. It may be a product existing in the commercial market, which is being developed, improved or not yet introduced to the Federal Government. It also may perform a new task or procedure not currently available under any GSA contract.

To place an order: Order directly from the contractor by calling the contractor's point of contact listed.

For more information, contact the HSS's Custome Service Office at **(816) 926-6760; DSN 465-6960**. For the most recent contractor listing, visit the Schedules e-Library at www.gsaelibrary.gsa.gov.

Visit the Hardware Superstore at www.gsa.gov/superstore.

Order via the Internet on GSA's online ordering system *GSA Advantage!*® at www.gsaAdvantage.gsa.gov.

Fax your FEDSTRIP/MILSTRIP requisition, or your Model Number/Part Number requisition (for orders without National Stock Numbers) to GSA at **(816) 926-7971 or DSN 465-7971**.

Simple Green Cleaner/Degreaser

Formulated to provide a safer alternative to hazardous chemicals and solvents, Simple Green is a concentrated biodegradable cleaner/degreaser. A cost-effective way to remove oil, lubricants, grease and grime from almost any washable surface. Authorized by the USDA for use in federally inspected meat and poultry plants. Replaces ozone-depleting substances and is listed on the EPA National Contingency Plan as a surface washing agent. Non-toxic, non-flammable.

🌱 Nontoxic Item; NESHAPS compliant

7930-01-342-5316 **MSDS** CN(contains 5 GL) \$40.37

Degreaser

Greze-Off ready-to-use cuts heavy grease and soil quickly on engines, mowers, garden, farm and recreational equipment, shop machinery, condenser coils and tools. Contains no petroleum solvents, phosphates or acids, and is non-flammable. Greze-Off is biodegradable.

Spray Nine Corp. P/N 22732.

🌱 Biodegradable per EPA/OECD test methods

7930-01-383-7926 **MSDS** Bottle Size: 32 oz. BX(contains 12 EA) \$55.54

All-Purpose Cleaner

All-purpose, heavy-duty cleaner/degreaser/deodorizer. A natural degreaser containing organic solvents derived from orange and citrus coupled with positive emulsion cleaners to create a cleaning product with unequalled ability. It contains no petroleum solvents and has no flash back vapors when sprayed on surfaces. Formulated for easy removal of grease, oil, ink, coffee, blood, pet stains and other tough soils from any washable surface.

Ⓜ 24-month maximum shelf life (extendable) 🌱 Nontoxic Item;
 🌱 Biobased

Cleaning Cloth

Disposable, non-woven cleaning cloth.

Pop-up, six-ply scrim wipers are excellent for use in hospitals, kitchens, maintenance shops, and other areas requiring highly absorbent wipers.

♻️ 40% Postconsumer Material

7920-01-454-5879 **JWOD** Size: 16 x 19" BX(contains 150 EA) \$28.18

These heavy-duty, non-woven wiping cloths feature soft, absorbent cellulose layers sandwiched between layers of non-interlaced rayon fibers. Both the base material and the reinforcement fibers decompose in landfills and salt water, making them environment-friendly. Also, because the fibers are not interlaced, they will not pose a hazard to wildlife before decomposing. Base cloth is made from recycled material.

♻️ 40% Postconsumer Material

7920-01-370-1364 **PRIME JWOD** Size: 9-1/2 x 20" BX(contains 400 EA) \$22.157920-01-370-1365 **PRIME JWOD** Size: 9-1/2 x 22-1/2" BX(contains 400 EA) \$25.45

Wiping Cloth

Three-ply, strong, lightweight and non-scratching. Soft and absorbent paper towels are intended for use on clear plastic aircraft canopies but will absorb water and oil in many uses. Each pop-up dispenser package contains 90 towels, unit-of-issue box contains 15 dispenser packages (1,350 total towels).

♻️ 30% Postconsumer Material

7920-00-965-1709 **PRIME JWOD White** Size: 15-1/4 x 16-3/4" BX(contains 1350 EA) \$46.42

The products in this guide are environmentally oriented items. These items may have recycled or biobased content, conserve energy and/or water, or contain reduced pollutants.

Economical, environmentally friendly alternative to Terry Cloth Machinery Wiping Towels. The cloth is a low-lint, highly absorbent, soft, marine degradable 100 percent hydroentangled white rayon. It comes 250 linear yards on a 3" inside diameter core roll in widths shown below. Wrapped in kraft paper and packed in a fiberboard box.

7920-01-463-4653	JWOD	Width: 18"	RO(contains 250 YD)	\$193.91
7920-01-463-4652	JWOD	Width: 36"	RO(contains 250 YD)	\$316.91

GSA: Serving the Armed Forces community and the federal marketplace around the world... for more than 50 years!

Soft and absorbent, this sanitized rag wipes machinery and equipment surfaces clean of water, grease and oil. Cloth contains cotton fiber mixed with synthetic fabrics. Measures at least 9" wide and 200 sq. in. (The 50-lb. bale is compressed to less than 3-1/2 cu. ft.)

For heavy-duty wiping, rag (3 to 12 oz./sq. yd.) is made from mixed color remnants, mill ends, and reclaimed fabrics. Mixed colors.

100% Recovered Material

7920-00-205-1711	PRIME	Assorted Colors	BE(contains 50 LB)	\$21.94
------------------	-------	-----------------	--------------------	---------

For general-purpose wiping, lightweight rag (2 to 7 oz./sq. yd.) is made from mixed color remnants, mill ends and reclaimed fabrics. Mixed Colors.

AEROSPACE PRODUCTS

Aircraft Coating

Specially formulated for use on aircraft.

Resistant to oils, hydraulic fluids, weather, humidity, heat, and solvents.

Two-part, polyurethane kit requires no thinner.

Suitable for electrostatic spray methods. Dries to touch in four hours; dries hard in 12 hours.

Conforms to MIL-PRF-85285C, Type I, Maximum VOC: 420 g/L.

Dries to a flat finish.

① 12-month maximum shelf life (extendable) 🌿 CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; ODS-Free Item; Cadmium Free According to ASTM/U.S.EPA Test Methods; Hexavalent-Chromium Free Item According to ASTM/EPA Test Methods; NESHAPs compliant

Aircraft Sealing Compound

Ready-to-use aircraft sealant is for sealing and gasketing aircraft access panel doors and other gasketing applications. Pre-formed, gray, odorless, PTFE tape is easily removed and requires no curing. There are no health hazards or special requirements for waste disposal and it maintains a long shelf life. Tape is in accordance with SAE specification AMS 3255.

Class 1: Continuous, ribbed. 1" wide with 25mm width adhesive.

① 24-month maximum shelf life (extendable) ●●● CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; No Hazardous Waste; Nontoxic Item

Lacquer

Aircraft touch up lacquer is a protective coating on exterior metal surfaces. Resists diester lubricating oil, it also resists weather, heat, water and hydrocarbons. Use only over an epoxy-polyamide type primer such as MIL-P-23377. Also use as an insignia and marking lacquer over freshly applied epoxy-polyamide topcoat, MIL-C-22750. A thin cross-coat of MIL-P-23377 is necessary over a polyurethane topcoat before application of the acrylic lacquer. VOC-85%. May contain MEK. Dries hard in 40 minutes. MIL-L-81352 superseded by MIL-PRF-81352.

Dries to a flat finish.

Typical VOC 85%.

① 24-month maximum shelf life (extendable) ●●● CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; Cadmium Free According to ASTM/U.S.EPA Test Methods; Hexavalent-Chromium Free Item According to ASTM/EPA Test Methods; NESHAPs compliant

GSA supports recycling.

California South Coast Air Quality Management District Compliant

This symbol indicates that a product has been certified to meet or exceed applicable air emissions standards established by the California South Coast Air Quality Management District.

Mineral spirits are for thinning paints, primers, enamels and varnishes. May also be used as a solvent and as a carrier for alkyd and other resin concentrates in odorless paint. Typical VOC 100%. A-A-2904.

Type I. Regular mineral spirits.

① 36-month maximum shelf life (extendable) **CFC-Free Item**; Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods; ODS-Free Item; Mercury-Free Item According to ASTM/EPA Test Methods

Paints/Coatings

STAINS, VARNISHES, SEALERS, SHELLACS, LACQUERS AND REMOVERS

A detailed program guide is available from the GSA Centralized Mailing List Service. You may request a copy by e-mailing cmls@gsa.gov.

Contains commercially available product lines used in architectural and furniture applications. Includes environmentally sensitive products.

Refer to the Federal Supply Schedules by number to find out more about the vendors offering these environmentally oriented products. Use the schedule number to request copies of a particular schedule by e-mailing cmls@gsa.gov.

LATEX PAINT Schedule 80 VI A

Covers latex paints, primers and pigments for interior and exterior architectural use. Three gloss levels with applicable primers are available in Federal Standard 595B colors. Fifteen different local and national suppliers have contracted with GSA to place their paints on the schedule. These products are water-based, lead- and chromate-free, and meet architectural VOC limits of a maximum of 250 g/L.

Paint Accessories

SORBENTS – MARINE AND NONMARINE

Quality Solutions for a Variety of Products and Services, Federal Supply Schedule 73.

Special Item Numbers:

- 375-351
- 375-352
- 375-353

Covers a wide range of materials used in cleanup of hazardous or toxic substances such as:

NONMARINE USAGE

- Nonhazardous and nontoxic organic spills (oils, hydraulic fluids, petroleum products, etc.).
- Hazardous and toxic organic spills.

MARINE SPILLS, NONWATER-SOLUBLE

Various types of sorbent material are covered on contract in the form of pillows, pads, booms, drum covers, mats, rolls, sheets, sweeps, socks, spill kits and particulate. Recycled cellulose fiber, polypropylene, peat moss and polymer technology are some of the types of sorbent products on contract. Many are deemed "Environmentally Friendly Products."

ARCHITECTURAL PRODUCTS

Exterior Oil Paint

This one-coat exterior paint is intended for use on properly primed or previously painted wood, sealed concrete, or primed metal surfaces. Dries to the touch in eight hours and dries hard in 48 hours. Can be applied by spray or brush. MPI (Master Painters Institute) reference: #8 (flat); #9 (gloss); #94 (semi-gloss). (Replaces A-A-3067.)

Dries to a flat finish. Maximum VOC: 250 g/L.

① 24-month maximum shelf life (extendable)  CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; ODS-Free Item

INDUSTRIAL MAINTENANCE PRODUCTS

Aerosol Enamel

Fast-drying, general-purpose interior and exterior enamel is perfect for coating small objects and areas. For use on metal, wood, plaster, masonry, stone, glass, leather, fiber, and previously painted surfaces. Packaged in an aerosol can that sprays easily without sputtering, using moderate finger pressure. User should shake by hand for one minute before using. Complies with the Volatile Organic Compound requirements of California Code of Regulations. A-A-2787.

Type I. Solvent-thinned enamel. VOC: 60%

① 24-month maximum shelf life (extendable) CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; Hexavalent-Chromium Free Item According to ASTM/EPA Test Methods

MISCELLANEOUS METAL PARTS PRODUCTS

Alkyd Enamel

Alkyd enamel is designed for use on primed interior wood and metal surfaces and is highly effective on smooth, exterior metal. Also great for finishing or refinishing automobiles and construction equipment. Resists weather, water and hydrocarbons. Dries to the touch in two hours and dries hard in eight hours. Master Painters Institute (MPI) reference #49 (flat) (Not to be used for painting houses or interior plastered walls.)

Dries to a flat finish.

Applied by spray or brush. Maximum VOC: 420 g/L.

A 340-gram-per-liter (maximum)/2.8-pound -per-gallon (maximum) volatile organic content (VOC) complying paint. The paint is a light gray equipment enamel (Navy Formula No. 111) for shipboard use as a topcoat on equipment, machinery, furniture, and electrical equipment, such as switchboard installations. This product may be used wherever VOC air pollution regulations apply. The light gray equipment enamel covered by this specification is an air-dry, solvent-based coating for use in all interior dry areas, including applications covered by reactor plant painting schedules. MIL-DTL-15090.

Ⓜ 24-month maximum shelf life (extendable) 🌱 Low-VOC Item; NESHAPs compliant

Acrylic Enamel

An acrylic enamel, house paint that is intended for use on exterior primed metal, concrete, masonry and wood. This waterborne product may also be used for interior application and in areas where air pollution regulations limit the use of solvent-based coatings. Provides a durable long-lasting coating when applied over properly prepared surfaces and is characterized by excellent gloss retention. Maximum VOC 250 g/L. MPI reference #53-flat, interior; #52-Eggshell, interior; #54-Semigloss, interior; #114-gloss, interior; #10-flat, exterior; #11- Semi-gloss, exterior; #119-gloss, exterior (replaces TT-E-2784A).

Dries to a semi-gloss finish.

Ⓜ 24-month maximum shelf life (extendable) 🌱 CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; ODS-Free Item

Ammunition Enamel

Synthetic alkyd enamel is a finishing coat for phosphated or primed metal surfaces and ammunition components. Do not use on automotive equipment. Resistant to water, salt spray and weather; not resistant to hydrocarbons. May contain lead. Dries to the touch in six minutes and dries hard to a flat finish in 10 minutes. Aerosol spray.

Typical VOC: 85%.

① 24-month maximum shelf life (extendable) CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods

Marine Coating

This silicone alkyd copolymer (solvent-based) enamel is intended for use on primed, smooth metal, fiberglass, wood and plastic/composite surfaces. Highly weather-resistant enamel has excellent color and gloss retention, good drying, freedom from aftertack, and good flexibility. For brush, roller or spray application. Maximum VOC: 340 g/L (2.8 lbs./gl.). Conforms to MIL-PRF-24635.

Type II, Class 1. Dries to a high-gloss finish (85% minimum).

Masonry Paint

Use on concrete and masonry floors and walls subject to dampness. Not for exterior use or exposure to sunlight. Has good resistance to water, chemicals, mineral oils and grease, as well as to abrasion and scrubbing. Dries to the touch in 45 minutes and dries hard to a gloss finish in three hours. Apply by brush (Formerly A-A-3121; TT-P-91).

Ⓜ 24-month maximum shelf life (extendable) 🌱 CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods; ODS-Free Item; Mercury-Free Item According to ASTM/EPA Test Methods

Nonflaming Fire-Protective Coating

This paint is formulated for use in situations that require a coating that will not become actively involved in a fire or contribute to fire propagation. Whenever possible, coating should be applied over a surface that has been degreased, sandblasted and primed to promote adhesion. This coating is suitable for general use on interior ship surfaces. It is resistant to water and hydrocarbons. Maximum VOC: 250 g/L. MIL-PRF-24596 (formerly DOD-C-24596).

Type I: Non-intumescent, non-flaming; Class 1: Surface ship, general usage; Application A = steel, and Application B = aluminum.

Ⓜ 24-month maximum shelf life (extendable) 🌱 CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; ODS-Free Item; NESHAPs compliant

Paint Remover

Nonflammable, nonabrasive and noncorrosive remover contains organic solvents and evaporation retardants. Easily flushes loosened paint and solvent from magnesium, high-strength steel alloy and aluminum surfaces. Leaves no residue. Apply by brush, mop or nonatomizing spray. (MIL-R-81294 is inactive for new design and is no longer used except for replacement purposes).

Type I, Class 1. Phenolic remover is chromate inhibited. Designed to remove epoxy (MIL-P-23377) primers topcoated with either polyurethane (MIL-C-83286) or epoxy (MIL-P-22750) paints from high-altitude aircraft. Local waste treatment regulations and facilities should be investigated prior to use.

Ⓜ 12-month maximum shelf life (extendable) 🌱 CFC-Free Item; Lead-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; NESHAPs compliant

Traffic Paint

Ready-mixed traffic paint for use on concrete, bituminous, brick or stone surfaces of parking lots. Adheres well. Water and abrasion resistant. Add glass beads to reflectorize paint stripes. Dries to a flat finish. Applied by brush or use conventional traffic line striping equipment. Maximum VOC: 250 g/L. Master Painters Institute (MPI) Standard 32. (Formerly TT-P-115F).

This 100% acrylic waterborne paint covers two types of low-VOC, ready-mixed paint. Suitable for application on airfield, streets, roads, highways and other traffic-bearing surfaces such as Portland cement concrete, bituminous cement concrete, asphalt, tar and previously painted areas of those surfaces. Use paint alone to bind reflective beads conforming to TT-B-1325 or as an obliterating paint for remarking. Maximum VOC 150 g/L. Conforms to specification TT-P-1952D.

Fast drying. Dries to the touch in five minutes.

① 12-month maximum shelf life (extendable) 🌱 CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods; Low-VOC Item

Ready-mixed water- and abrasion-resistant parking lot paint is designed for use on concrete, bituminous, brick, or stone surfaces of parking lots. Limited by US EPA VOC regulations to parking lot marking only. Adheres well, and glass beads can be added to make paint stripes reflectorized. Dries to a flat finish. For brush or traffic marking equipment application. Typical VOC 400 g/L. A-A-2886.

Reflectorized paint marks parking lot pavements and safety zones. Contains a low index of refraction glass beads at a ratio of 5 lb per gallon. Extra beads may be added if desired. Premixed paint has an oil base and is resistant to water and abrasions. Not intended for marking airfield runways. Dries to a flat finish in 40 minutes. For spray application. Typical VOC: 460 g/L. A-A-2886 (replaces TT-P-87).

CA California South Coast Air Quality Management District Compliant

This symbol indicates that a product has been certified to meet or exceed applicable air emissions standards established by the California South Coast Air Quality Management District.

Corrosion-Inhibiting Epoxy Primer

Use fast-drying, two-component epoxy primer on ferrous and nonferrous metals, plastic, wood, concrete, plaster, leather and textile surfaces. Primer is a corrosion inhibitor; resistant to water, hydrocarbons and 337 hours of salt spray, and chemical agent resistant. Use with polyurethane and epoxy topcoat systems such as MIL-C-85285 and MIL-C-22750. It is light gray in color, no darker than color number 26622. Dries to the touch in 15 minutes and dries hard in four hours. For spray application. Conforms to MIL-P-53022B.

Type I. Typical VOC: 540 g/L. Meets Rule 102 of the South coast air quality Management District, as containing non-photochemically reactive solvents.

① 12-month maximum shelf life (extendable) CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; ODS-Free Item; Hexavalent-Chromium Free Item According to ASTM/EPA Test Methods

This two-component epoxy primer kit is for application to aircraft, ground support equipment, combat equipment, and vehicles. It is chemical-, solvent-, lubricating oil-, and hydraulic fluid-resistant. Lusterless finish. A corrosion-resistant coating, it can withstand 2,000 hours of salt spray testing. It can easily be stripped off with MIL-R-81294 Type I removers. Normally used as a primer on aluminum and aluminum/graphite-epoxy and top-coated with Chemical Agent Resistant Coatings (CARC). Material is tack-free in five hours and dries hard within eight hours. Maximum VOC: 340 g/L. MIL-PRF-23377

Type I: Standard Pigments; Class C: Strontium chromate-base corrosion inhibitors

① 12-month maximum shelf life (extendable) CFC-Free Item; Lead-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; ODS-Free Item; NESHAPs compliant

Rain Erosion-Resistant Coating Kit

For exterior use on plastic-laminated parts of high-speed aircraft and missiles. Protects against rain erosion in flight and also resists water, fuel and weather. Apply by spray or brush; strips easily. Kits include one gallon of coating with required amounts of catalyst, primer, activator and thinner. Flammable coating. Typical VOC 509 g/L. (formerly MIL-C-83445 S/S BY SAE-AMS-C-83445)

Class 1: Thermally reflective, urethane coating not for use on radomes and other plastic parts that require protection against static electricity. Dries to the touch in 10 hours.

Ⓜ 12-month maximum shelf life (extendable) 🌿 CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods; Low-VOC Item

8010-01-132-2976 [MSDS](#) White KT \$212.63

The products in this guide are environmentally oriented items. These items may have recycled or biobased content, conserve energy and/or water, or contain reduced pollutants.

SEALANTS

CARC Polyurethane Coating

This two-component chemical agent resistant coating is ideal for use as a finishing coat on military combat equipment. The coating is resistant to water, weather, hydrocarbons and acids and is easily decontaminated after exposure to liquid chemical agents. Component A is a polymer resin; Component B is an aliphatic isocyanate curing agent. (Mixing ratio is four parts of Component A to one part of Component B.) Dries to the touch in 30 minutes and dries hard (to a flat finish) in three hours. To be applied over epoxy primer by spray or brush. MIL-C-46168 with QPL.

Type II. Typical VOC: 570 g/L. Non-photochemically reactive solvent blend.

🕒 12-month maximum shelf life (extendable) 🌿 Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; Hexavalent-Chromium Free Item According to ASTM/EPA Test Methods

Products that contain post-consumer materials are beneficial to the environment. If post-consumer materials were not recovered or reused, they would end up in a landfill or other disposal site, further aggravating existing disposal problems.

Epoxy Polyamide Coating

A two-component, epoxy-based chemical agent resistant coating (CARC), in accordance with Military Specification MIL-PRF-22750. Coating is water-, weather-, solvent-, hydraulic fluid- and oil-resistant. Frequently used as a topcoat on aircraft and ground support equipment. Components are packaged in separate containers. Maximum VOC: 340 g/L.

Floor and Deck Coating

For use on wood and concrete porches, decks and floors. Varnish-based coating resists water and abrasions; not for use on damp basement floors. For first coat on wood floors, use 2/3 quart of boiled linseed oil and 1/3 quart of turpentine to each gallon. For concrete floors, use 2/3 quart of spar varnish and 1/3 quart of turpentine to each gallon. Dries to the touch in four hours and dries hard to a high gloss finish in 16 hours. Applied by brush. Typical VOC: 460 g/L. Master Painters Institute (MPI) #27. (Formerly TT-E-487)

① 24-month maximum shelf life (extendable) 🌿 CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods; Low-VOC Item

QUALITY SOLUTIONS FOR A VARIETY OF PRODUCTS AND SERVICES FEDERAL SUPPLY CLASS 56

BUILDING MATERIALS

Windows

If that hole in the wall needs filling, select from our array of windows. You'll see the light more clearly from now on. Choose from single- or double-paned, storm windows for residential and commercial applications. High-security windows also available.

Relevant Special Item Number:

563-24 Windows (Residential and Commercial)

Solar Window Film

Relevant Special Item Number:

563-15 Solar Window Film, Transparent Film with pressure-sensitive adhesive or equivalent for glass applications, used to reduce solar heat gain, interior heat loss, ultraviolet light and glare.

Roofing Materials

We'll help you nail down the right choice for your overhead. And because of the total solution approach, you'll get a square deal on all your roofing materials needs, including shingles and roofing felt. Includes single- or multi-ply membrane systems and hot or cold applications (including shingles, roofing felt, asphalt and tar).

Relevant Special Item Number:

563-4 Roofing Materials, Products and Services

SPECIAL ORDERING INSTRUCTIONS

Point of Contact: Sandy Tatum • (817) 978-8631, Fax (817) 978-2776 • sandy.tatum@gsa.gov

Federal Supply Schedule 56

QUALITY SOLUTIONS FOR A VARIETY OF PRODUCTS AND SOLUTIONS FEDERAL SUPPLY CLASS 61

DISTRIBUTION SYSTEMS

POWER DISTRIBUTION EQUIPMENT

We've got all the parts and pieces you need to distribute power more efficiently—including panel boards, switchboards, load centers, metering and analyzers to display harmonic data and voltage profiles.

Relevant Special Item Numbers:

- 383-3** Load Banks
- 412-10** DC Regulated Power Supply
- 412-11** AC Regulated Power Supply
- 412-15** Power Distribution Units
- 412-16** Frequency Converters
- 412-17** Switch Gear
- 412-18** Panel Boards

POWER SYSTEMS ENGINEERING SUPPORT

We'll help you carry the load! With help from this Schedule, you'll be the one in charge of all your power systems. Includes power system program management; engineering and support, installation/start-up, preventive maintenance, emergency services, switchgear/controls modernization, and systems integration.

Relevant Special Item Numbers:

- 412-52** Power Systems Engineering Support

Use instructions for services at hourly rates in the schedule. Installation, maintenance, and training available. Contact GSA for details.

COMMERCIAL/INDUSTRIAL TECHNOLOGIES

GENERATORS

Energy when you need it, where you need it—that's what you get with our generators and generator transfer switches on Schedule 56. Use our purchasing power for your uninterrupted power needs. Installation, maintenance and training are available. Includes spark-ignited, diesel, and marine generators. Complete line of accessories available including air cleaners, circuit breakers, and chargers.

Relevant Special Item Numbers:

- 383-1** Portable Generators (Less than 6KW)
- 383-2** Portable Generators (Greater than 6KW)
- 383-4** Generator Transfer Switches

DISTRIBUTION TRANSFORMERS

Make your Low- and Medium-Voltage Distribution Transformers energy-compliant by purchasing from this Schedule. Convert electricity from high voltages necessary for transmission to usable voltages for all applications. And, as part of our Total Solutions, we can help with the installation, maintenance, and training, too!

Relevant Special Item Numbers:

- 412-19** Transformers

Order directly from contractors

Note: Energy Star® products available. Low voltage distribution transformers only; medium voltage distribution transformers covered under the Department of Energy's Federal Energy Management (FEMP) efficiency recommendations. Visit <http://www.eere.energy.gov/femp/procurement> (the FEMP website) for details.

SOLAR TECHNOLOGIES

SOLAR POWER SYSTEMS

The power of the sun is harnessed with our Solar Power Systems, Solar Outdoor Lighting, Solar Water Pumps, Solar Water Heaters and Solar Window Film. If you need to heat things up, you won't need an extension cord for these systems. If you want to keep it cool, search Schedule 56 for your place in the shade. We've got portable solar electric systems for parks and forests (user-free stations, water-pumping, and emergency power). Solar roof-top systems include photovoltaic modules, trace inverters, and mounting/wiring kits. Facility lighting systems include modules, inverters, mounting and occupancy sensors. Solar pumps and controllers include submersible pumps for use in irrigation, livestock watering and ponds.

Relevant Special Item Numbers:

- 206-3** Solar Energy Systems. Includes all types of solar energy products, such as pre-packaged PV systems, solar outdoor lighting, solar water pumping and solar water heaters.
- 206-4** Fluorescent Lighting Fixtures and Accessories. Including Diffusers, Louvers, Recessed or Flush Mounted Electric fixtures, with or without reflectors.
- 206-5** Fluorescent Lighting Reflectors. Includes retrofit kits for existing fixtures.
- 206-9** Energy-Saving Lighting Ballasts.
- 206-13** Energy Efficient and/or environmentally friendly lamps/light bulbs.

DRIVE GREEN with GSA Automotive's Alternative Fuel Vehicles Program. GSA offers a variety of alternative-fueled sedans, pickup trucks, vans, medium-duty trucks, buses and specialty vehicles with standard features and a choice of equipment options you would expect to get from conventional, fueled vehicles.

The AFVs offered by GSA Automotive include:

- Flexible fuel (FFVs)—have only one fuel tank that is designed to operate on alcohol, gasoline, or any combination of both.
- Bi-fuel—have two fuel systems, giving the driver the ability to run on either alternative or conventional fuel.
- Dedicated—run on one fuel only
- Electric (a dedicated vehicle type)—do not have engines

Specific fuel types and emission ratings offered by GSA Automotive are cited in the table below. To find out what fuel

types are available for the current model year, visit GSA Automotive's website at www.gsa.gov/automotive or visit Automotive's online ordering system at www.autochoice.gsa.gov. You can select and configure AFVs from a special vehicle selection screen and then place your order online.

Environmental Attribute: The Energy Policy Act and Executive Order 13149 (Greening the Government through Federal Fleet and Transportation Efficiency), which supersedes Executive Order 13031, requires federal agencies to acquire alternative fuel vehicles. Federal agencies are to reduce significantly their vehicular petroleum use within five years. By using alternative fuel, emissions are reduced and energy security is obtained from reduced import petroleum usage. The Department of Energy pays up to 50% of the incremental costs not to exceed \$10,000 per acquisition for electric vehicles. For more information, please contact the Department of Energy at (208) 526-6787.

Fuel Types		Federal Emissions Ratings	
CNG	Dedicated compressed natural gas only	TIER 1	Current minimum federal emission standard
CNG2	Bi-Fuel, compressed natural gas or gasoline	TLEV	Transitional low-emission vehicle
E85	Flexible fuel ratio ranging from a maximum of 85% ethanol and 15% gasoline to 100% gasoline	LEV	Low-emission vehicle
*HEV	Hybrid electric, electric motor and gasoline	ILEV	Inherently low-emission vehicle
LNG2	Liquid natural gas "bi-fuel"	NLEV	National low-emission vehicle
LPG	Dedicated liquid propane gas only	ULEV	Ultra-low-emission vehicle
LPG2	Bi-Fuel—liquid propane gas or gasoline	SLEV	Super-ultra-low emission vehicle

*HEVs are not considered AFVs under the Energy Policy Act as of the date of this publication.

AUTOMOTIVE FUEL ECONOMY

In accordance with the Code of Federal Regulations (CFR) 101-38.104, "executive agencies must meet the fleet average fuel economy objectives set forth for the appropriate year" for the acquisition of fuel-efficient passenger automobiles and light trucks. Under GSA's Federal Fleet program, executive agencies shall report by vehicle class, the actual number of vehicle leases and purchases of passenger automobiles and light trucks. GSA maintains a master record of the miles-per-gallon (MPG) ratings acquired by each agency during the fiscal year, which enables GSA to determine the total fleet average fuel economy achieved by executive agencies and provides management assistance to agencies to ensure that federal acquisitions meet the same levels of fuel consumption that the manufacturers are required to meet in their annual sales. Vehicle classification and MPG requirements may be found in GSA Automotive's *Federal Vehicle Standards*.

Environmental Attribute: The reduction of fuel consumption saves resources and reduces the effect of exhaust emissions on the atmosphere.

CFC-FREE VEHICLE AIR CONDITIONING

All auto, truck and bus manufacturers have made the change to a new air conditioning refrigerant (R134a) that is an acceptable substitute for the CFC refrigerant that has ozone-depleting potential.

Environmental Attribute: Conventional CFC refrigerants are considered to be a cause of stratospheric ozone loss.

RETREAD TIRES **Schedule 26 I****Contact: Customer CARE-(703) 308-CARS**

Retread tires program available under contract, covers light trucks, medium trucks, and buses. This schedule includes cap with installation on a government-furnished casing that meets commercial and government safety standards. When purchasing tires, federal agencies are required to comply with EPA guidelines and Executive Order 13101, Part 4, Section 402 (c), which mandates the purchase of environmentally preferable products where practicable.

Environmental Attribute: After passing inspection for retreadability, a used tire casing has a new tread applied and is returned to service rather than being discarded as waste. The energy and raw materials used to make the tire casing portion of the tire itself, which is the majority of the tire's construction, are conserved.

PARTS WASHERS **(AUTOMOTIVE USE)****Schedule 56—Buildings, Building Materials, Industrial Supplies and Services, Class 49**

Automotive parts washers with recirculating solution systems reduce hazardous waste. See contractors listed under "Cleaning Machines and Small Parts Washers" in the Housewares and Cleaning section, page 106.

SOLVENT-RECYCLING SERVICE 

All the work is done for you. A washing service uses a closed-loop system that services your parts washer, providing clean solvent and taking away the dirty solvent for recycling. This includes obtaining all necessary licenses, permits, and compliance with federal, state, local and municipal laws, codes and regulations pertaining to recycling.

REFRIGERANT RECLAMATION SYSTEMS**(AUTOMOTIVE USE)** **Schedule 56—Buildings, Building Materials, Industrial Supplies and Services, Class 49**

Offers motor vehicle and miscellaneous maintenance and specialized repair shop equipment.

WORK STEP **(AUTOMOTIVE USE)****Schedule 56—Buildings, Building Materials, Industrial Supplies and Services, Class 49**

Utility plastic step platform made from 50% recycled material.

RECYCLING SYSTEMS **Schedule 56—Buildings, Building Materials, Industrial Supplies and Services**

Miscellaneous reclamation, recovery and recycling equipment; automotive and non-automotive refrigerant recovery systems; auto/truck filter crushers.

ELECTRIC UTILITY VEHICLES **Schedule 78—Sports, Promotional, Outdoor, Recreational, Trophies and Signs (Sports)****FIRE-FIGHTING AND WASTE DISPOSAL VEHICLES****Schedule 23 V****Contact: Customer CARE—(703) 308-CARS**

GSA Automotive's Firetrucks program covers a wide variety for structural, crash, hazardous materials, rescue and wildfire applications. Our trash collection and recycling equipment program includes a wide variety of vehicles and trailers for collection and disposal of refuse, recycled, liquid and hazardous waste. Customers may contact vendors to obtain details of the models offered to determine suitability for their application. Orders may be placed directly with the vendor or by GSA Automotive.

Environmental Attribute: Many federal facilities are facing increasing environmental requirements that require these types of special-purpose vehicles.

For more information on GSA Automotive's environmental products, contact our Customer CARE line on (703) 308-CARS. You may also visit our website at: www.gsa.gov/automotive for additional information.

OUTDOOR EQUIPMENT

Garden Hose

A. Commercial-grade, rubber/vinyl-reinforced 5/8" diameter garden hose. Kink-resistant hose includes brass couplings, a protective collar at faucet end, and an abrasion-resistant gray cover. Burst strength is 500 p.s.i. with a minimum four-ply construction.

65% Postconsumer Material

4720-01-447-8759		LG(contains 50 FT)	\$17.65
4720-01-447-8757		LG(contains 100 FT)	\$28.70

A

Drinking System

B. The PakTeen hydration system is a 1.5-liter, fully insulated stand-alone hydration unit for easy drink delivery. Features: reservoir with wide-opening exterior fill port; closed cell insulation; drinking tube with insulated cover; positive shut-off "hydro-lock" valve; integrated MOLLE attachment system; and D-ring attachment points. System designed to fit inside a pack or lash onto web harness outside of a pack.

System includes reservoir capable of holding 50 oz. (1.5 liters) of water. When empty, complete system weighs 0.5 lb. Length: 12"; Width: 7"; Depth: 1".

For replacement reservoir, see CamelBak part number 90201.

Water-Conserving Item

ADHESIVES

General-Purpose Adhesive

General-purpose adhesive for bonding synthetic rubber, metal, glass, and some plastic. Oil, gasoline and aromatic fuel resistant. Used in helicopter blade repairs.

Ⓜ 12-month maximum shelf life (extendable) ●●● CFC-Free Item;
Chromate-Free Item According to ASTM/EPA Test Methods; Low-VOC Item;
No Hazardous Waste; Nontoxic Item

8040-00-433-4065 **MSDS** 3M P/N 776 Amber QT \$36.56

For fast-setting, general bonding, and for use on Pratt & Whitney turbofan engines. Loctite/Dexter-Hysol EPK 608, Hardman Epoweld 8173, or 3M 3501 Clear.

Ⓜ 24-month maximum shelf life (extendable) ●●● CFC-Free Item;
Chromate-Free Item According to ASTM/EPA Test Methods; Low-VOC Item;
No Hazardous Waste; Nontoxic Item

8040-00-092-2816 **MSDS** Clear Weight: 3-1/2 grams BX(contains 100 EA) \$107.15

Use for bonding leather, rubber, plastics and metal. For bonding rubber gaskets to air conditioners, and in guidance sections and capsule assemblies for astronautic applications.

Ⓜ 12-month maximum shelf life (extendable) ●●● CFC-Free Item;
Chromate-Free Item According to ASTM/EPA Test Methods; Low-VOC Item;
No Hazardous Waste; Nontoxic Item

8040-00-390-7959 **MSDS** 3M P/N 847 Red-Brown QT \$24.21

An aircraft structural grade, thixotropic paste, epoxy adhesive bonds metal, plastic, rubber, glass and wood. It is resistant to salt water, humidity, deicing fluid, hydraulic oils, JP-4 fuel and hydrocarbon fluids. Cures at room temperature and has excellent high-temperature performance and sag resistance. Two-part kit consists of base resin and curing agent. Refrigerated storage required.

Ⓜ 12-month maximum shelf life (extendable) ●●● CFC-Free Item;
Chromate-Free Item According to ASTM/EPA Test Methods; Low-VOC Item;
No Hazardous Waste; Nontoxic Item

8040-00-111-6522 **MSDS** Loctite/Dexter-Hysol Gray Volume: 1 qt. P/N EA-9300NA KT \$371.38

Quick-drying, polychloroprene-based adhesive bonds neoprene, reclaim, SB-R and butyl rubber gaskets and other items to most substrates. Has a medium bonding range. Water, oil and grease resistant. Apply by brush.

Ⓜ 24-month maximum shelf life (extendable) ●●● CFC-Free Item;
Chromate-Free Item According to ASTM/EPA Test Methods; Low-VOC Item;
No Hazardous Waste; Nontoxic Item

8040-01-068-2423 **MSDS** 3M P/N 2141 QT \$24.84

A two-part epoxy for general-purpose bonding, sealing and repairing of metal, wood, rubber and plastics.

Ⓜ 24-month maximum shelf life (extendable) 🌿 CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; No Hazardous Waste; Nontoxic Item

8040-00-777-0631	MSDS	Loctite/Dexter-Hysol P/N EPK 1C	Off-White	KT	\$6.28
------------------	------	---------------------------------	-----------	----	--------

A two-part, epoxy-based, adhesive, sealing, or molding compound for general or structural purpose. Can be sanded, filed, or machined when cured. Bonds to steel, iron, aluminum, glass (not pyrex), concrete, ceramics, porcelain, tile, marble, wood and thermoset plastics. MMM-A-1754.

Ⓜ 18-month maximum shelf life (extendable) 🌿 CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; No Hazardous Waste; Nontoxic Item

8040-00-738-6429	MSDS		Gray	KT	\$5.20
8040-00-944-7292	MSDS		Gray	KT	\$3.36

Use for bonding leather, rubber, plastics and metal. For bonding rubber gaskets to air conditioners, and in guidance sections and capsule assemblies for astronautic applications.

Ⓜ 12-month maximum shelf life (extendable) 🌿 CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; No Hazardous Waste; Nontoxic Item

8040-01-033-7507	MSDS	3M P/N 847	TU(contains 5 OZ)		\$7.07
------------------	------	------------	-------------------	--	--------

General purpose, "white" glue for bonding porous and semi-porous materials. Generally used for bonding lightweight fabrics, paper, light woods, and bookbinding. A-A-1270, formerly MMM-A-180.

Ⓜ 18-month maximum shelf life (extendable) 🌿 CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; No Hazardous Waste; Nontoxic Item

8040-00-754-2483	MSDS		BT(contains 8 OZ)		\$2.42
------------------	------	--	-------------------	--	--------

Weatherstrip Adhesive

Use for automotive weatherstripping, vinyl trim headliners and side panels. Adheres to painted surfaces, metals, rubber, glass, wood and plastics.

Ⓜ 12-month maximum shelf life (extendable) 🌿 CFC-Free Item; Chromate-Free Item According to ASTM/EPA Test Methods; Lead-Free Item According to ASTM/EPA Test Methods; Low-VOC Item; ODS-Free Item

8040-00-109-2481	MSDS	3M 8001	Yellow	TU(contains 5 OZ)	\$5.41
------------------	------	---------	--------	-------------------	--------

Adhesive Remover

Soybean oil-based adhesiver remover; capable of removing asbestos, carpet, and ceramic tile mastics in one hour; odorless; leaves no residue; cleans up with water; contains biobased material and is 100% biodegradable. Not for use on wood surfaces.

Biobased

8040-01-502-9360	MSDS	Franmar Chemical P/N M11G		GL	\$14.36
8040-01-502-9361	MSDS	Franmar Chemical P/N M15G		CN(contains 5 GL)	\$55.96
8040-01-502-9362	MSDS	Franmar Chemical P/N M1DR		DR(contains 55 GL)	\$525.80

Material Safety Data Sheets provide special instructions for handling items declared HAZMAT (Hazardous Materials). Call 1-866-588-7659 to request specific MSDS information.

Environmental Programs Website – www.gsa.gov/enviro

In keeping with the Internet trend, FSS developed a website expressly for its Environmental Programs that contains a wealth of environmentally oriented information. The primary information relative to products and services is categorized as follows:

- ✿ **Alternative Fuel Vehicles (AFVs)**
- ✿ **Biobased**
- ✿ **Comprehensive Procurement Guideline (CPG) Compliant and Other Recycled Products**
- ✿ **Energy Star® and Other Energy-Efficient Products**
- ✿ **Environmental Services**
- ✿ **Re-utilization of Personal Property (Excess and Sales Programs)**
- ✿ **Safer Paints, Cleaning and Other Chemical Products**
- ✿ **Other “Environmental” Products and Services**

By clicking on a product name, customers can move from the Environmental Programs website to the GSA Global Supply website (www.GSAGlobalsupply.gsa.gov), the FSS Schedules e-Library website (www.gsaelibrary.gsa.gov) or the GSA Advantage® website (www.gsaAdvantage.gov) to get vendor/product information and make a purchase. Efforts are underway to further improve these transitions.

In addition, the website contains applicable laws and Executive orders and relevant cites in regulations, such as the Federal Acquisition Regulations, as well as links to other agency sites and information on various environmental organizations.

Regulatory Influences

The range of the kinds of products and services listed in the Environmental Products and Services Guide (EPSG) has been greatly influenced by, and in some cases is a direct result of, the various public laws and regulations that have been enacted over the years aimed at minimizing waste, conserving energy and preventing pollution. The Resource Conservation and Recovery Act (RCRA), the National Energy Policy Act (NEPA) and the Clean Air Act are a few of the more notable ones.

A number of Executive orders also have been issued with the same intent. Executive Order 13101, which replaced Executive Order 12873, was signed and became effective on September 14, 1998, and is titled “Greening the Government through Waste Prevention, Recycling and Federal Acquisition.”

As part of its continuing program to promote the use of recovered materials, the Environmental Protection Agency (EPA) through its Comprehensive Procurement Guideline (CPG) and Recovered Materials Advisory Notice (RMAN) initiatives has identified eight categories with over 50 CPG items that are or can be made with recovered materials. Federal agencies are required to develop Affirmative Procurement Programs (APP) for these CPG items, and report their purchases. Another nine items have been proposed by EPA, however, as noted earlier in the

EPSG, changes in requirements (such as the approval of additional items or amount of recycled content) that are imposed subsequent to the publication of the EPSG will be complied with by GSA and reflected in the products received. Other revised/replacement Executive orders have been signed and released. Executive Order 13123 was signed into effect on June 3, 1999. Its title is “Greening the Government through Efficient Energy Management” and it replaces significant portions of previous Executive Orders 12902 and 12845.

Section 9002 of Title IX of the 2002 Farm Bill established a program of preferred procurement of biobased products by federal agencies. This, in effect, is a resurgence of the initiative/requirement initially introduced in Executive Order 13101.

In the transportation area, The Energy Policy Act and Executive Order 13149 which replaces Executive Order 13031, require federal agencies to acquire alternative fuel vehicles.

Executive Order 13221 titled “Energy Efficient Standby Power Devices” was signed on July 31, 2001.

Environmental purchasing requirements also are outlined in the Federal Acquisition Regulation (FAR) Part 23 and in the Defense Acquisition Regulation (DFAR) Part 223.

FSS Implements Its Affirmative Procurement Plan (APP) For Central Office Associates

In July 2001, the Federal Supply Service (FSS) Central Office released its Affirmative Procurement Plan (APP). The APP directs all Central Office associates to purchase Comprehensive Procurement Guideline (CPG) compliant products when they are commercially available. CPG compliant products are products that meet or exceed the Environmental Protection Agency designated recycled-content range. There are five key components to the APP: a preference plan; a promotional plan; procedures for estimation, certification, and verification; procedures for annual review and reporting; coordination responsibilities. The APP also requires FSS Central Office associates to purchase biobased products when the United States Department of Agriculture publishes a product list for federal buyers.

FSS has made it easier for FSS associates and other federal buyers to locate CPG-compliant products, as well as a variety of other environmental products and services, in its supply offerings. The very popular Environmental Products and Services Guide (EPSG) is an excellent source for locating CPG-compliant products that are offered by FSS. The EPSG contains over 1,100 CPG-compliant products. The vast majority of these products are frequently used office supplies; such as copier paper and binders. Each CPG-compliant product has a

CPG-designated icon symbol to distinguish it from the other environmental products and services listed in the EPSG.

The FSS Environmental Programs website (www.gsa.gov/enviro) is another excellent source for locating CPG compliant products in the FSS Supply System. This website contains extensive information about the CPG-compliant products offered by GSA, in addition to the laws, Executive orders, and regulations affecting federal purchasing of environmental products and services. When you visit this website, you will find electronic versions of the current EPSG—located in the Publications section and the APP—located on the CPG and Other Recycled Products offering page. In addition, you will be able to visit either the Schedules e-Library website (www.gsaelibrary.gsa.gov), to view the list of vendors that we currently have on Schedule, or visit *GSA Advantage*® (www.gsaAdvantage.gsa.gov) or the GSA Global Supply website (www.GSAGlobalsupply.gsa.gov) to purchase CPG-compliant products and other environmental products by clicking on the product name of your choosing.

These online purchasing systems are excellent sources for locating CPG-compliant items. There is a designated CPG icon symbol that appears next to those products that are CPG compliant. This symbol is one of 15 environmental symbols used. With a click of the mouse, you can purchase the CPG-compliant product and other environmental products of your choice.

Remember, GSA can assist you in meeting your environmental purchasing requirements. Think green and buy green products and services from GSA!

Energy-Efficient Purchasing in the Federal Government

Each year, the Federal Government spends an estimated \$10 to 20 billion to purchase energy related products. This equipment is responsible for the roughly \$3.5 billion in annual energy bills for federal facilities.

In 1992, the Congress passed major legislation, the Energy Policy Act (EPACT), which provides federal agencies with a comprehensive approach to reducing energy consumption and costs. The EPACT addresses an array of energy issues that have had a significant impact on the gas, electric, and coal industries. The EPACT implemented energy efficiency standards for buildings and industrial and residential products. The EPACT encourages an increased use of renewable energy sources, alternative fuels, alternative fuel vehicles, and electric vehicles, in addition to developing the infrastructure and support systems. The EPACT also became the catalyst for the passage of several federal regulations on energy-efficient product purchasing.

A few years after the enactment of the EPACT, Congress amended the Federal Acquisition Regulation (FAR), Subpart 23.2 – Energy Conservation, and Subpart 23.7 – Contracting for Environmentally Preferable and Energy-Efficient Products and Services, to broaden its definition of an energy-efficient product and to include

requirements for energy services (Subpart 23.7). FAR Subpart 23.703 states that agencies must "...implement cost-effective contracting preference programs favoring the acquisition of environmentally preferable and energy-efficient products and services."

The White House has issued several Executive orders on energy-efficient product purchasing since the passage of the EPACT. In June 1999, President Clinton signed Executive Order 13123, Greening the Government through Efficient Energy Management, which extended and replaced a previous Executive order that he signed in 1994 (Executive Order 12902 – Energy Efficiency and Water Conservation at Federal Facilities). Executive Order 13123 requires agencies to purchase Energy Star® products, or energy-efficient products not covered by the Energy Star® program that are in the upper 25% of energy efficiency as designated by the Federal Energy Management Program (FEMP). More recently, President Bush signed Executive Order 13221, Energy Efficient Standby Power Devices, in July 2001. Executive Order 13221 calls for federal agencies to purchase products that use minimal standby power when such products are commercially available.

Two Simple Ways to Identify and Purchase Energy-Efficient Products

The Environmental Protection Agency (EPA) and the Department of Energy (DOE) have developed two simple ways to help federal buyers identify energy-efficient products. The first is the Energy Star® program, and the second is the FEMP Efficient Product Recommendations.

The Energy Star® program is the easiest

way to help buyers identify energy-efficient products. EPA and DOE have partnered to promote the specification and procurement of energy-efficient products. To make energy-efficient products easily identifiable, EPA and DOE award the Energy Star® label to energy-consuming products that meet EPA/DOE efficiency specifications. Manufacturers are encouraged to market Energy Star® products to buyers by placing the Energy Star® label on each compliant product. The energy efficiency specifications are the result of discussions between EPA and DOE and participating manufacturers and retailers. These specifications also represent the top tier of the market for energy efficiency (typically the top 25% of efficient products). To make certain that the label consistently represents the most efficient products available in the market, the specifications are periodically reviewed.

Manufacturers certify their products as Energy Star® compliant using standard industry test methods. EPA and DOE reserve the right to randomly test products and take appropriate actions in case of noncompliance. Manufacturers agree to use the Energy Star® label correctly in identifying their products.

To receive more information on the Energy Star® program, you can either visit the Energy Star® website at www.energystar.gov or call the Energy Star® label hotline at 1-888-ENERGYSTAR.

The second way for buyers to identify energy-efficient products is to follow the FEMP Product Energy Efficiency Recommendations. FEMP distributes its efficiency recommendations to federal procurement officials, product specifiers, and facility and energy managers to provide them with important information on how to purchase energy-efficient products. The

recommendations, typically two pages, help federal buyers determine which products qualify among the top 25% of efficiency and identify the federal supply sources that offer these products, including GSA. Buyers will also find a cost-effectiveness example to help them compare annual and life-cycle energy cost savings with the added purchase price—if any—of an efficient product.

FEMP has published a total of 45 recommendations for energy-efficient commercial and residential products. The product types covered by the FEMP recommendations include several covered by the Energy Star® program. The FEMP Product Efficiency Recommendations are available to you on the Internet at www.eere.energy.gov/femp/procurement. As an added benefit to you, FEMP also has posted interactive cost calculator tools on this website to allow purchasers to calculate and compare lifetime energy costs. You can obtain a printed loose-leaf binder that contains the FEMP efficiency recommendations, titled *Buying Energy Efficient Products*, by calling 1-800-DOE-EREC.

To implement Executive Order 13221, Energy Efficient Standby Power Devices, FEMP has developed low-standby purchasing recommendations for more than 10 types of office equipment and consumer contracts. For details, visit the FEMP website at www.eere.energy.gov/femp/procurement/standby_power.html. FEMP works with manufacturers to identify products that meet the low standby requirements; a list is available online at <http://oahu.lbl.gov/>.

Make GSA Your First Stop for Locating and Purchasing Energy Star® Products and Other Energy-Efficient Products

GSA has partnered with EPA and DOE to offer federal buyers a variety of Energy Star® products and other energy-efficient products. We offer the energy-efficient products listed below. The product names that have an asterisk (*) next to them indicate that we have Energy Star® compliant products available for purchase. We recommend that customers specifically request schedule vendors to identify Energy Star®-compliant products and/or other energy-efficient products that they offer to federal buyers under contract. You can view a list of schedule vendors for any of the products below by visiting our Schedules e-Library website at www.gsaelibrary.gsa.gov. GSA plans to add energy-efficient standby power devices in support of Executive Order 13221.

Orders under the micropurchase threshold:

- ☞ Place order directly with contractor for the item that best meets your needs.

Orders over the micropurchase threshold:

- ☞ To ensure a “Best Value” determination is made, as required by FAR 8.404:
- ☞ Review the GSA *Advantage!*® online electronic ordering system. or
- ☞ Review at least three schedule pricelists.
- ☞ Select the Best Value (Consider price, plus administrative costs.
- ☞ Place order directly with contractor

When determining what is a “best value,” you may consider the following:

- ☞ Special features of the supply/service are required but not provided by a comparable supply/service
- ☞ Trade-in considerations
- ☞ Probable life of the item selected compared to that of a comparable item
- ☞ Warranty considerations
- ☞ Maintenance availability
- ☞ Past performance
- ☞ Environmental and energy efficiency considerations
- ☞ Place order directly with contractor

Documentation:

Minimum documentation is generally all that is required. Additional documentation is necessary when requirement is defined to a particular brand name and only for orders exceeding the micropurchase threshold.

Orders exceeding the maximum order threshold:

(Note: This dollar figure will vary from contract to contract.)

FAR 8.404(b)(3) provides new guidelines for orders exceeding the maximum order threshold:

In addition to following the ordering procedures for orders above the micropurchase threshold, ordering offices shall:

- ☞ Review additional schedule contractors’ catalogs/price lists or use the “GSA *Advantage!*®” online shopping service;
- ☞ Based upon the initial evaluation, seek price reductions from the schedule contractor(s) appearing to provide the best value (considering price and other factors);
- ☞ After price reductions have been sought, place the order with the schedule contractor that provides the best value and results in the lowest overall cost alternative; see 8.404(a). If further price reductions are not offered, an order may still be placed, if the ordering office determines that it is appropriate.

REMEMBER!

If you are placing an order with a Multiple Award Schedule contractor (especially if you’re using the government-wide commercial purchase card), please let contractors know you are a federal customer, and ask the contractor for the GSA Contract number and contract price. Be sure to cite the contract number on your purchasing documents.

Federal Supply Schedules:

When using schedules, be sure to follow these easy ordering procedures for services:

Ordering Procedures for Services (Requiring a Statement of Work)

FAR 8.402 contemplates that GSA may occasionally find it necessary to establish special ordering procedures for individual Federal Supply Schedules or for some Special Item Numbers (SINs) within a Schedule. GSA has established special ordering procedures for services that require a Statement of Work. These special ordering procedures take precedence over the procedures in FAR 8.404 2, B through 2, C.

GSA has determined that the prices for services contained in the contractor's price list applicable to this Schedule are fair and reasonable. However, the ordering office using this contract is responsible for considering the level of effort and mix of labor proposed to perform a specific task being ordered and for making a determination that the total firm-fixed price or ceiling price is fair and reasonable.

1. When ordering services, ordering offices shall—

A. Prepare a Request (Request for Quote or other communication tool):

- i. A statement of work (a performance-based statement of work is preferred) that outlines, at a minimum, the work to be performed, location of work, period of performance, deliverable schedule, applicable standards, acceptance criteria, and any special requirements (i.e., security

clearances, travel, special knowledge, etc.) should be prepared.

- ii. The request should include the statement of work and request the contractors to submit either a firm-fixed price or a ceiling price to provide the services outlined in the statement of work. A firm-fixed price order shall be requested, unless the ordering office makes a determination that it is not possible at the time of placing the order to estimate accurately the extent or duration of the work or to anticipate cost with any reasonable degree of confidence. When such a determination is made, a labor hour or time-and-materials proposal may be requested. The firm-fixed price shall be based on the prices in the schedule contract and shall consider the mix of labor categories and level of effort required to perform the services described in the statement of work. The firm-fixed price of the order should also include any travel costs or other direct charges related to performance of the services ordered, unless the order provides for reimbursement of travel costs at the rates provided in the Federal Travel or Joint Travel Regulations. A ceiling price must be established for labor-hour and time-and-materials orders.

- iii. The request may ask the contractors, if necessary or appropriate, to submit a project plan for performing the task, and information on the contractor's experience and/or past performance performing similar tasks.

- iv. The request shall notify the contractors what basis will be used

for selecting the contractor to receive the order. The notice shall include the basis for determining whether the contractors are technically qualified and provide an explanation regarding the intended use of any experience and/or past performance information in determining technical qualification of responses.

B. Transmit the Request to Contractors:

- i. Based upon an initial evaluation of catalogs and price lists, the ordering office should identify the contractors that appear to offer the best value (considering the scope of services offered, pricing and other factors such as contractors' locations, as appropriate).

- ii. The request should be provided to three contractors if the proposed order is estimated to exceed the micropurchase threshold, but not exceed the maximum order threshold. For proposed orders exceeding the maximum order threshold, the request should be provided to additional contractors that offer services that will meet the agency's needs. Ordering offices should strive to minimize the contractors' costs associated with responding to requests for quotes for specific orders. Requests should be tailored to the minimum level necessary for adequate evaluation and selection for order placement. Oral presentations should be considered, when possible.

C. Evaluate Responses and Select the Contractor to Receive the Order:

After responses have been evaluated against the factors identified in the

(continued on next page)

Ordering Procedures for Products

(continued from previous page)

request, the order should be placed with the schedule contractor that represents the best value. (See FAR 8.404)

2. The establishment of Federal Supply Schedule Blanket Purchase Agreements (BPAs) for recurring services is permitted when the procedures outlined herein are followed. All BPAs for services must define the services that may be ordered under the BPA, along with delivery or performance timeframes, billing procedures, etc. The potential volume of orders under BPAs, regardless of the size of individual orders, may offer the ordering office the opportunity to secure volume discounts. When establishing BPAs ordering offices shall—

A. Inform contractors in the request (based on the agency's requirement) if a single BPA or multiple BPAs will be established, and indicate the basis that will be used for selecting the contractors to be awarded the BPAs.

i. **SINGLE BPA:** Generally, a single BPA should be established when the ordering office can define the tasks to be ordered under the BPA and establish a firm-fixed price or ceiling price for individual tasks or services to be ordered. When this occurs, authorized users may place the order directly under the established BPA when the need for service arises. The schedule contractor that represents the best value should be awarded the BPA. (See FAR 8.404)

ii. **MULTIPLE BPAs:** When the ordering office determines multiple BPAs are needed to meet its requirements, the ordering office should determine which contractors

can meet any technical qualifications before establishing the BPAs. When multiple BPAs are established, the authorized users must follow the procedures in 1, B (on previous page) and then place the order with the Schedule contractor that represents the best value.

B. **Review BPAs Periodically:** such reviews shall be conducted at least annually. The purpose of the review is to determine whether the BPA still represents the best value. (See FAR 8.404)

3. The ordering office should give preference to small business concerns when two or more contractors can provide the services at the same firm-fixed price or ceiling price.

4. When the ordering office's requirement involves both products as well as executive, administrative and/or professional, services, the ordering office should total the prices for the products and the firm-fixed price for the services and select the contractor that represents the best value. (See FAR 8.404)

5. The ordering office, at a minimum, should document orders by identifying the contractor from which the services were purchased, the services purchased, and the amount paid. If other than a firm-fixed price order is placed, such documentation should include the basis for the determination to use a labor-hour or time-and-materials order. For agency requirements in excess of the micropurchase threshold, the order file should document the evaluation of Schedule contractors' quotes that formed the basis for the selection of the contractor that received the order and the rationale for any trade-offs made in making the selection.

Basic Ordering Agreement (BOA) and Multiple Award Task and Delivery Order Contract (MACS):

Ordering procedures for BOAs and MACs are contained in each program and are available on the program website or by calling the appropriate program point of contact.

NOTE: Entries in shaded blocks may be in either the **FIXED (F)** or **VARIABLE (V)** sections - **NEVER** in both.

Make a Vital Contribution to our Environment by Purchasing Environmentally Oriented Products and Services!

GSA's supply and procurement programs can help you get the environmentally oriented products and services you need.

See pages 4 and 5 for ordering information.

Note About the Environmental Products and Services Guide (EPSG)

Because of the size of the EPSG, we must use adhesive binding versus the stapling method we have used in previous editions.

A number of options were explored including the use of "water soluble" adhesive; however, we have been advised that the technology has not been developed to the point where it can be used to bind publications.

Impact on Recyclability

Unfortunately, because of the aforementioned issue, this edition of the EPSG *cannot* be included in the following category of the Federal Recycling Program:

- **Grade 1**—High Grade: sorted white bond

The entire publication, including the cover, can be recycled under the Federal Recycling Program Categories:

- **Grade 2**—Mixed Paper: colored paper, file stock, books and magazines
- **Grade 6**—Commercial Office Mix: all paper, cardboard, and newspaper generated in an office. (Grade 6 is found in the Federal "All Paper" Recycling Program).

By definition, the EPSG has not been eligible and will continue to be ineligible for inclusion in:

- **Grade 3**—Newspaper
- **Grade 4**—Old Corrugated Containers (OCC Cardboard)
- **Grade 5**—Telephone Directories

Smarter Solutions

How To Order

1 Automated/online ordering options:

GSA Global Supply—www.GSAGlobalsupply.gsa.gov
GSA Advantage!®—www.gsaAdvantage.gsa.gov

3 Questions:

If you have questions or need additional information about the products in the EPSG, call 1-800-525-8027, or send an e-mail to gsaglobalsupply@gsa.gov.

2 Ordering by Mail, Fax or Phone:

Mail, fax or phone your FEDSTRIP/MILSTRIP requisitions (Standard Form 344 or DD Form 1348). See ordering instructions, pages 4 and 5.

If you have general questions or need additional information about the environmental programs of GSA/FSS, call (703) 305-6936, or send an e-mail to roger.waldron@gsa.gov.
