Transmittal B-03-010

Date: FEBRURARY 3, 2003

CHANGE REQUEST 2501

SUBJECT: Transmittal B-03-010 has been rescinded

We are rescinding Change Request 2501, Transmittal B-03-010, dated February 3, 2003, and communicated via RO-2013 and CI-1858. We are canceling the requirement that the Part B standard systems develop a module to send existing standard system information on contractor edits. Contractors are expected to enter edit data using the existing PIMR capability until further notice. Because of agreed upon delays in entry of data using the existing system, we will extend the due date for manual entry of edit data to July 1, 2003, in a forthcoming issuance.

This transmittal will not be printed, nor will the transmittal number be used in the future.
