

**FINDING OF NO SIGNIFICANT IMPACT
FOR**

Interim final rule on use of materials derived from cattle in
human food and cosmetics, Docket No. 2004N-0081, FRDTS
No. cf0413.

The Center for Food Safety and Applied Nutrition (CFSAN) of the Food and Drug Administration (FDA) has carefully considered the potential environmental impact of this action and has concluded that this action will not have a significant effect on the quality of the human environment. Therefore, an environmental impact statement is not required. The evidence supporting this finding is contained in the attached environmental assessment, which the agency prepared under 21 CFR 25.40 of FDA's environmental regulations and the Council on Environmental Quality's regulations (40 CFR 1500-1508) implementing the National Environmental Policy Act.
