A = MANAGEMENT WAS APPROPRIATE
 B = Standard Of Care Was Not Met
 C = Substandard Of Care W/Adverse Outcome
 D = Standard Of Documentation Not Met
 P = Pending

** = Avoidable Day is a day in which a patient stayed in the hospital unnecessarily. This can be caused by delays in Service, Inappropriate admissions, Physician Delays, Discharge Planning delays, Patient disposition issues, and/or information management issues. For purposes of this report, only PHYSICIAN delays are annotated.
