Total	118	51	37	30

A total of 118 watershed rehabilitation projects have been funded in 20 states. Fifty-one are in planning, 37 have been authorized and are in implementation (either in design or construction) and 30 projects have been completed. (See the reverse side of this page for a complete listing of projects by state.)

Watershed Rehabilitation Projects Funded in Fiscal Year 2004

The FY 2004 appropriations bill included \$29,629,000 for watershed rehabilitation. This allowed funding for planning and design of 77 projects in 19 states (including 20 new projects in 7 states). Funds were also provided for construction and implementation of rehabilitation plans on 20 dams. Assessments of 256 dams in 37 states will also be completed to determine the condition of the dams and the need for rehabilitation. Funds were not available to address 54 requests for new watershed rehabilitation projects.

Watershed Rehabilitation Funding Requests for Fiscal Year 2005

State Conservationists requested \$45 million for 123 projects in 21 states for fiscal year 2005. The requests included initiating 68 new projects not previously funded and assessments of 174 dams.

For additional information about watershed rehabilitation go to the Natural Resources Conservation Service website, www.nrcs.usda.gov and click on Programs and then on Watershed Rehabilitation.

*Plan authorized: plan is being implemented (design and construction)
