85 years and over	1825.0	1165.3	2105.4	1820.3	1744.6	1828.5	. . .	2011.5	2289.1	1714.6	1185.7	

. . . Category not applicable.

\* Figure does not meet standard of reliability or precision, because sample size is less than 30 and therefore, is not reported. If shown with a number, it should not be assumed reliable because the sample size is between 30 and 59 or because the sample size is greater than 59 but has a relative standard error over 30 percent.

1/ Figures may not add to totals because a resident may be included in more than one category.

2/ Rates based on the civilian resident population, including institutionalized persons, as of July 1, 1999.

NOTES: Numbers may not add to totals because of rounding. Percents and rates are based on the unrounded numbers.
