# GSA's Hardware SuperStore

The General Services Administration (GSA) Hardware SuperStore supports worldwide US Government requirements for industrial quality hand tools; office and household appliances; paints and paint brushes; sealants; adhesives; lawn and garden equipment; woodworking and metalworking equipment and machinery; parts; accessories, and services. We would like to introduce our upcoming lineup of service contracting, Preparation and Application of Chemical Compounds "PACC(WORLD)," and Elevator Inspection.

Ordering services and products through GSA just got easier. Multiple Award Schedule contracts are your best approach to hassle-free purchases. A Multiple Award Schedule is a listing of contractors that have been awarded a contract by GSA that can be used by all Federal agencies in purchasing supplies and services. A Multiple Award Schedule provides you with a large selection of items and the flexibility necessary to select the best value item that meets your needs.

GSA's Hardware SuperStore has combined all of our product line schedules into one schedule, number 51 V. Here is the hard copy of the schedule, but for the latest information, visit the Schedules E-Library Website at [www.fss.gsa.gov](http://www.fss.gsa.gov). GSA awards competitive contracts to those companies who give us the same or better discounts than their best customers, and we pass those discounts on to you. GSA has entered into Government-wide contracts with commercial firms to provide state-of-the-art, high quality commercial products and services.

The benefits to you from the Multiple Award Schedule program are numerous and are outlined on the next page.

- **BEST PRICING AND SIMPLIFIED ORDERING**
- **BLANKET PURCHASE AGREEMENTS (BPAs)**
- **TEAMING ARRANGEMENTS**

## BEST PRICING AND SIMPLIFIED ORDERING

GSA has already determined the prices to be fair and reasonable. You can use your own discretion in selecting the supplies and services you need. Simplified ordering procedures, such as ordering directly from the manufacturer, allow you to reduce paperwork and cut through red tape.

## BLANKET PURCHASE AGREEMENTS (BPAS)

The use of BPAs under Multiple Award Schedules is permitted. Let's look at the benefits of this arrangement:

- BPAs are a way to fill recurring needs while taking advantage of quantity discounts, saving administrative time and reducing paperwork.
- For large BPAs, you are empowered and encouraged to seek further price reductions.
- With a BPA, you can order as much as you want, as little as you want and as often as you want. Your flexibility and advantages are endless!
- Teaming Arrangements may be incorporated into your BPA!

## TEAMING ARRANGEMENTS

Contractor Team Arrangements are another excellent source of quality service. Team Arrangements are created when two or more Multiple Award Schedule contractors join together to provide a solution to meet your needs. Contractors form these arrangements, at their discretion, when the result of their efforts produces the best solution for an agency's requirement. You would then make a best value selection.

**Additional benefits to you from using Multiple Award Schedules include:**

- *Competition:* All competition requirements have been met
- *Hassle-Free Volume Purchase Prices:* We've negotiated the discounts for you
- *Expedited Delivery:* Many items can be delivered overnight or within two days (CONUS)
- *Easy Payment Options:* Contractors accept the GSA SmartPay purchase card
- *No Commerce Business Daily (CBD) Synopsis Requirements:* GSA has already issued the synopsis
- *Price Reductions:* You can request price reductions from our discounted prices
- *No Order Limitations:* You can place an order for any dollar amount
- Access to state-of-the-art technology and quality services and products
- Compliance with environmental requirements for applicable services and products

**Our Customer Service Team is always ready to assist you with any questions or concerns you may have.  
Please call us at (816)-926-7315; DSN 465-7315.**

## Ordering Information

### SERVICES

Refer to the Ordering Procedures for Services section covering executive, administrative and/or professional Services. Ancillary (products-related) services priced at hourly rates or other types of fixed pricing should be purchased using the ordering guidelines of FAR 8.404.

### PRODUCTS

#### Orders under \$2500

Place order directly with contractor for the item that best meets your needs.

#### Orders over \$2500

To ensure a "Best Value" determination is made, as required by FAR 8.404: Review GSA's electronic ordering system, *GSA Advantage!*<sup>TM</sup> at [www.gsaAdvantage.gov](http://www.gsaAdvantage.gov) or review three schedule price lists.

#### Orders over the Maximum Order Threshold:

Each schedule contract has a maximum order threshold. In addition to following the ordering procedures for orders above \$2500, customers shall:

- Review price information on *GSA Advantage!*<sup>TM</sup> or review additional schedule contractors' price lists.
- Request price reductions from schedule contractor(s) appearing to provide a best value.
- Place the order with the schedule contractor providing the best value.

You can now access Federal Supply Schedule contract award information on line at [www.fss.gsa.gov](http://www.fss.gsa.gov)

Click on the "FSS Schedules" button, then click on the "Schedules E-Library" button.

When determining what is a “best value,” you may consider the following:

- Special features of the product/services that are being offered but not provided by a comparable product/service
- Trade-in considerations
- Probable life of the item selected compared to that of a comparable item
- Warranty considerations
- Maintenance availability
- Past performance
- Environmental and energy efficiency considerations

## **DOCUMENTATION**

Minimum documentation is generally all that is required (e.g., contractor's name, item purchased and price paid). Additional documentation is necessary when the requirement is defined to a particular brand name and only for orders exceeding the micro-purchase threshold (see FAR 8.404(b)(7)).

## **GSA ADVANTAGE!<sup>TM</sup> [WWW.GSAADVANTAGE.GOV](http://WWW.GSAADVANTAGE.GOV)**

This on-line electronic ordering system allows customers to search for products, review delivery options and place orders.

## **HOW TO ACCESS GSA ADVANTAGE!<sup>TM</sup>**

- You must be able to connect to the Internet.
- You must have access to web browser(i.e., Netscape, Internet Explorer).
- Use your web browser to connect to the GSA Home Page at [www.gsaAdvantage.gov](http://www.gsaAdvantage.gov)

Select *GSA Advantage!<sup>TM</sup>* - On-Line Shopping Service.

If you need more information or assistance contact the GSA Advantage e-mail address or our voice mail hotline.

[GSA.Advantage@gsa.gov](mailto:GSA.Advantage@gsa.gov) • (703) 305-7359

If you are not able to connect to the Internet, contact your GSA Customer Service Director for assistance. Refer to the Customer Service Director listing included in the Points of Contact section of this document.

## FOR FURTHER ASSISTANCE

### GSA CONTACTS

Customer/Vendor Relations  
General Services Administration  
Federal Supply Service  
Hardware SuperStore  
1500 E. Bannister Road, Room SBE 16-1  
Kansas City, MO 64131

### DENISE ELSBERND

Phone: (816) 926-3972  
FAX: (816) 926-1661  
denise.elsbernd@gsa.gov

## NEED MORE SCHEDULES?

### FOR COPIES OF SCHEDULES

Customers requesting copies of schedules should contact:

General Services Administration  
Centralized Mailing List Service  
4900 Hemphill St.  
P.O. Box 6477  
Ft Worth, TX 76115  
(817) 334-5215  
(817) 334-5227  
cmls.gsa@gsa.gov

All others requesting copies of schedules, including vendors, must contact the FSS Schedule Information Center at the following address:

General Services Administration  
FSS Schedule Information Center (FMLI)  
Washington, DC 20406  
(703) 305-6477  
DSN: 327-1022

Federal Supply Schedules will no longer include the List of Contractors. This information is now available on the Internet or by other means. If you don't have access to the Internet, see Contractor Award Information paragraph in this document for other means to obtain this information.

You can now access Federal Supply Schedule contract award information on-line at [www.fss.gsa.gov](http://www.fss.gsa.gov)

Click on the "FSS Schedules" button then click on "Schedules E-Library."

## CONTRACTOR AWARD INFORMATION

[pub.fss.gsa.gov/sched](http://pub.fss.gsa.gov/sched)

For a listing of the very latest contract award information you can click on the above Website and then click on "Schedules E-Library". You can search the E-Library by SIN, Contractor, Contract Number, Schedule Number or by a key word. When you get to the Schedule you want, you'll see the list of SINs and the Contractors listed below each SIN. When the Contractor's Internet address is available, it will be shown and you can use it to link to their Website.

The e-mail address, if available, will enable you to e-mail the Contractor for price lists or any other contract information. The Internet address and e-mail address will only be available if those contractors are on *GSA Advantage!*<sup>™</sup>.

If you don't have access to the Internet, you can get a list of the current contractors by completing the form at the back of this publication and faxing it to: (703) 308-4168, or by contacting the FSS Information Center at: (703) 305-6477

In the future, a faxback service will be available for obtaining this information.

Consult the contractor's catalog/price list for more detailed ordering information, such as:

- Contact items awarded
- Maximum order provisions
- Geographic coverage (delivery area)
- Contract price or discount
- Quantity discounts
- Prompt payment terms
- Government purchase card terms
- Commercial delivery terms
- Expedited delivery
- Ordering address(es)
- Payment address(es)
- Warranty provision
- Export packing charges
- Applicable terms and conditions of rental, maintenance, installation and repair
- Environmental and energy efficiency

## **PUBLICIZING CONTRACT ACTIONS**

The Federal Supply Schedules have been synopsisized in the Commerce Business Daily and satisfy the requirements of the Competition in Contracting Act (Pub. Law 98-369) and FAR Part 5, Publicizing Contract Action.

## **SMALL BUSINESS PARTICIPATION**

The General Services Administration and the Small Business Administration strongly support the participation of small business concerns in the Federal Supply Schedules Program. To enhance small business participation, SBA policy requires agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals. See the following address for guidance on goal setting and goal submittal via the Internet at [www.sba.gov/gc/goaling/](http://www.sba.gov/gc/goaling/)

For orders exceeding the micro-purchase threshold, FAR 8.404 requires agencies to consider the catalogs/price lists of at least three schedule contractors or to consider reasonably available information by using the *GSA Advantage!*<sup>™</sup> on-line shopping service at [www.fss.gsa.gov](http://www.fss.gsa.gov)

The catalogs/price lists, *GSA Advantage!*<sup>™</sup> and the Federal Supply Service home page listed above contain information on a broad array of products and services offered by small business contractors.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting price lists for a best value determination.

For orders exceeding the micro-purchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

## **JWOD (NIB/NISH) PRODUCTS**

The Javits-Wagner-O'Day (JWOD) Program (NIB/NISH) provides many products to Federal customers under its mandatory source authority. Before making any open market purchase from a schedule contractor, ordering agencies should determine if there is a comparable JWOD (NIB/NISH) product.

Please call or e-mail a JWOD representative at the following numbers to check if there is an appropriate product manufactured by people who are blind or have other severe disabilities.

(703) 603-7743 (ext. 112) or (703) 603-7750 (ext. 118)  
[info@jwod.gov](mailto:info@jwod.gov)

## **UNICOR PRODUCTS**

UNICOR (Federal Prison Industries, Inc.) provides items that may be similar to some of the items in this schedule. Prior to making a purchase from the schedule, ordering agencies should check with UNICOR to see if UNICOR's product meets their specific need. For your convenience, this check can be made quickly by calling the UNICOR Customer Service Group at (800) 827-3168.

## CONTRACTOR TEAM ARRANGEMENTS

Federal Supply Schedule contractors may use "Contractor Team Arrangements" (see FAR 9.6) to provide solutions when responding to a customer's requirements. The policy and procedures outlined in this part will provide more flexibility and allow innovative acquisition methods when using the Federal Supply Schedules.

Refer to the contractor team arrangement information provided in this document, for more details.

## MAXIMUM ORDER

If the "best value" selection places your order over the Maximum Order identified in the contractor's catalog or price list, you have an opportunity to obtain a better schedule contract price. Before placing your order, contact the contractor to ask for a better discount price.

The contractor may:

- 1) offer a new lower price for this requirement
- 2) offer the lowest price available under the contract
- 3) decline the order

A delivery order that exceeds the maximum order may be placed with the contractor selected in accordance with FAR 8.404. The order may be placed under the Schedule contract.

## PRICE REDUCTIONS

There may be circumstances when a customer finds it advantageous to request a price reduction, such as where the quantity of an individual order clearly indicates the potential for obtaining a reduced price. Customers that obtain a further price reduction may still place these orders against the Schedule contract. MAS contractors will not be required to pass on to all schedule users a price reduction extended only to an individual customer for a specific order.

## BLANKET PURCHASE AGREEMENTS (BPA)

Federal Supply Schedule contracts contain BPA provisions to maximize your purchasing and administrative savings. This feature permits schedule customers and contractors to set up "accounts" to fill a "recurring requirement." These accounts establish a period for the BPA and generally address issues, such as frequency of ordering and invoicing, authorized callers, discounts, delivery locations and times.

Agencies may qualify for the best quantity/volume discounts available under the contract, based on the potential volume of business that may be generated through such an agreement, regardless of the size of the individual orders. In addition, agencies may be able to secure a discount higher than that available in the contract based on the aggregate volume of business possible under the BPA.

Finally, contractors may be open to a progressive type discounting where the discount would increase once the sales accumulated under the BPA reach certain prescribed levels. Use of a BPA may be especially useful with the new Maximum Order feature. A suggested format for customers is included in this document to consider when using this purchasing tool.

## YEAR 2000 WARRANTY

When an agency purchases a product that is identified as being Year 2000 Compliant, the agency should test the item after acceptance to assure its compliance. The warranty includes repair or replacement of any listed product whose non-compliance is discovered and made known to the contractor in writing within 90 days after acceptance (installation is considered acceptance). The contractor may offer an extended warranty.

## INCIDENTAL ITEMS

For administrative convenience, open market (non-contract) items may be added to a Federal Supply Schedule BPA or the individual task/delivery order if the items are clearly labeled as such on the order, all applicable acquisition regulations have been followed, and price reasonableness has been determined by the ordering activity for the open market items.

## ENVIRONMENTAL PRODUCTS

In order to assist our customers who have determined that their acquisition needs can best be met by purchasing an EPA designated item (considering price, availability and performance requirements), our Schedule contractors have been requested to identify such products on their individual catalogs and or price lists. Schedule contractors have been requested (where possible and/or feasible) to identify items that:

- Have recycled content (*meet EPA designated item criteria*)
- Are energy and/or water conserving (*e.g., Energy Star*)
- Have reduced pollutants (*e.g., low volatile organic compounds (VOCs) and chromate-free*)

Customers should review contractor literature and contact the contractor directly to obtain complete information regarding environmental claims. Please visit our Environmental Website at the address listed below.  
<http://pub.fss.gsa.gov/environ/index.html>

## VARIABLE CONTRACT PERIODS

Generally, Federal Supply Schedules will no longer have a prescribed beginning and ending date. The schedule periods will be continuous, and will contain contracts with contract periods that commence on the Date of Award (DOA) and expire in 5 years (exclusive of any options) from the DOA.

## LEASING

Only equipment offered on a Federal Supply Schedule may be leased. Some guidelines for leasing are as follows:

- Once you have selected the equipment, then you need to determine whether it is more advantageous to lease or purchase it. The contracting officer should compare the leasing terms offered from the third-party leasing companies in the Schedule as well as those offered by the Schedule equipment sellers. For example, most IT leases, other than Lease to Ownership (LTOP), require the ordering agency and the leasing contractor to determine as part of the initial lease agreement, the market value of the equipment at the end of the lease term; i.e., its residual value.
- Once the best leasing terms have been selected, the contracting officer can compare the advantages of leasing to those of direct purchase. OMB Circular A-94, par. 13 describes the economic analysis that is to be used in determining the economic impact of leasing vs. purchasing. You can access this information on the Internet at the below address.

<http://www.whitehouse.gov/WH/EOP/OMB/html/circular-top.html>

- Leasing requires a commitment on the agency's part for all the terms and conditions of the lease for the full term of the lease. If an agency has annual appropriations requiring issuance of supplemental funding documents, the agency's procurement and accounting systems must be capable of timely generation of the requirement documents.

Customers must also be mindful of submitting "renewal delivery orders" in a timely manner to assure that their lease does not expire.

Cancellation of a lease for lack of funds should only be done when the organization is no longer funded. Court decisions have held that termination for convenience should only be employed when the agency no longer has a requirement for the equipment.

Example: An employee has retired and the position will not be filled, so now there is a piece of equipment that is not needed. In other words, a desire for something different, newer, or better is not a justification for the premature cancellation of a lease.

### **AUTHORIZED USERS**

The agencies and activities named below may use contracts established under this Federal Supply Schedule.

- All federal agencies and activities in the executive, legislative and judicial branches.
- Government contractors authorized in writing by a federal agency pursuant to 48 CFR 51.1.
- Mixed-ownership Government corporations (as defined in the Government Corporation Control Act).
- The Government of the District of Columbia.
- Other activities and organizations authorized by statute or regulation to use GSA as a source of supply.

Questions regarding activities authorized to use this schedule should be directed to Customer/Vendor Relations contact point identified in this document.

### **GEOGRAPHIC COVERAGE**

All Federal Supply Schedules provide contractors the opportunity to offer worldwide coverage. Schedule contractors have three categories of geographic coverage to offer:

- 1) **Domestic:** covers delivery to the 48 contiguous states; Washington, DC; Alaska; Hawaii and Puerto Rico.
- 2) **Worldwide:** covers delivery domestically AND overseas
- 3) **Overseas Only:** covers delivery to overseas destinations other than Alaska, Hawaii and Puerto Rico

## **PURCHASE CARD**

Agencies may make payments for oral or written delivery orders by using the Government purchase card.

Payments made using the Government SmartPay purchase card ARE NOT eligible for any negotiated prompt payment discount.

“Government purchase card” means an uniquely numbered GSA SmartPay credit card issued to named individual Government employees or entities, to pay for official Government purchases.

Effective March 20, 1998, GSA began requiring Federal Supply Schedule contractors to accept the GSA SmartPay purchase card as a method of payment for acquisitions up to the micro-purchase threshold, currently \$2,500. This requirement was phased in and all Federal Supply Schedule contracts must include this requirement. The card may be used for payment in excess of this threshold if the using agency and contractor agree.

Information about the GSA Fleet, Travel and Purchase Payment System is available within your agency's written internal operating procedures and on the Internet at the address listed below.

<http://pub.fss.gsa.gov/services/gsa-smartpay/>

The contractor shall not process a transaction for payment through the credit card clearinghouse until the purchased supplies have been shipped or services performed. Unless the cardholder requests correction or replacement of a defective or faulty item in accordance with other contract requirements, the contractor shall immediately credit a cardholder's account for items returned as defective or faulty.

## **TRADE-INS**

Trade-ins will be considered against the purchase of new equipment and will be used in determining that your purchase represents the “best value” and results in the lowest overall cost alternative (considering price, special features, administrative costs, etc.) (see FAR 8.404). If equipment was traded in as part of the purchase arrangement, the file should show the type, brand and value of the equipment exchanged. Trade-ins should comply with provisions of the Federal Property Management Regulations (FPMR) 101-46.

## **SIGNIFICANT CHANGES**

This is a unique schedule which replaces previous schedules for FSC groups 32, 34, 35, 37, 41, 51, 52, 73 80, 91, and introduces miscellaneous services for grounds beautification, maintenance preparation, application of chemical compounds, and elevator inspection. Specific departments in this schedule are listed below:

- Hardware Store Department
- One Stop Paint Shop (now Includes all paints, coatings, sealants, adhesives, fuels & lubricants), previously Schedule 80 III and 80 I A
- Household and Office Appliances Department, previously Schedule 41 I
- Tools Department, previously Schedule 51 IB
- Lawn and Garden Department, previously Schedule 37 II A
- Woodworking and Metalworking Machinery and Equipment Department previously under Attachment 6, previously under Tools Department, & Schedule 51 IB. Changes in SIN.
- Services Department
- Preparation and Application of Chemical Compounds (PACC World) – Services
- Beautification Center – Services

## **SUPPLIES AND/OR SERVICES**

### **COMMODITY LISTING INFORMATION**

- Special Item Numbers
- Descriptions
- Brand names and awarded contractors

See the “Contractors” section for complete contractor information, including contractor names, addresses and telephone numbers, contract numbers and contract effective dates.

\*Indicates small business set-aside.

## Hardware Store

The Hardware Store Department offers you the flexibility of ordering directly from commercial sources by walking into a local store and purchasing what you need on site, purchasing through a catalog, or placing your order through GSA.

### SIN 105-001 HARDWARE STORE

When selection specific items, other than hand or measuring tools or stainless steel flatware, buyers should only purchase items that are compliant with the Trade Agreements Act; i.e., US made products, designated country end products, Canadian end products or Mexican end products.

The Hardware Store Schedule allows customers to walk into a Hardware Store and with their Government Purchase Card, purchase and receive a discount at the point of sale. Below is a listing of the vendors currently participating in this program:

BDF Industrial Fasteners  
DK Enterprises  
Frank's Supply Company  
Hardware Associates  
MAC Tools, A Division of the Stanley Works

McCullough Hardware  
The Fastenal Company  
Tri-City Hardware  
WW Grainger  
Williams Home Center, Inc.

## **SIN 105-002 HARDWARE STORE**

The Hardware Store Schedule allows customers to place catalog orders over the phone or via the Internet. Contractors listed will provide catalog service and the customer will receive the lowest price or a discount off the vendor's retail price. Below is a listing of the vendors currently participating in this program.

DK Enterprises  
Sears Parts Direct  
Kennedy Manufacturing Company  
Snap-On Tools Company  
Kipper Tools Company  
Specialized Products  
Lawson Products  
Superior Tool Company  
Mac Tools, A Division of the Stanley Works  
The Fastenal Company  
Maintenance Warehouse  
UZ Engineered Products  
Noble Sales Company, Inc.  
W.W. Grainger

## **CONTRACTORS**

### **AWARD INFORMATION**

- Contractor's name, addresses and telephone number.
- Business Size and Minority Business Enterprise indicators: "s" for small business, "o" for other than small business, "a" for minority business enterprises, "b" for other than minority business enterprises and "w" for woman owned.
- Contract number and contract effective date.

\*Indicates small business set-aside.

## SUPPLIES AND/OR SERVICES

### COMMODITY LISTING INFORMATION

- Special Item Numbers.
- Descriptions.
- Brand Names and awarded contractors.

See the "Contractors" section for complete contractor information, including contractor names, addresses and telephone numbers, contract numbers and contract effective dates.

## One-Stop Paint Shop Department

(Now includes all Paints, Coatings, Sealants, Adhesives, Fuels and Lubricants)

### SIN 834-100

#### AEROSPACE COMMERCIAL COATINGS, ADHESIVES AND SEALANTS

Including topcoats, primers, film adhesives, composite repair materials, pre-treatment products, thinners and related products designed primarily for, but limited to use in the manufacture, repair, routine, maintenance or prevention of the formation and propagation of corrosion on aircraft, helicopters, missiles or vehicles designed to travel outside earth's atmosphere. Anti-seize compounds and materials to convert oxide corrosion to protective coatings. Products containing either lead or chromate must be prominently and properly identified and labeled. Product may be a kit or require multi-component system application. Application accessories and equipment may be included. Technical support or training that is normally provided with commercial sales of this product may be included.

**SIN 834-800**  
**RECYCLED LATEX PAINT**

Includes latex paint certified to meet or exceed the US Environmental Protection Agency Recovered Material Advisory Notice (RMAN) standards for recovered materials as specified in the Resource Conservation and Recovery Act, Section 6002 Comprehensive Procurement Guideline (CPG). "Consolidated" latex paint (100% recovered material) refers to that used to cover graffiti, where color and consistency of performance are not primary concerns. "Reprocessed" latex paint (20% recovered material for white, off-white, pastel, 50-99% recovered material for grey, brown, earth tones, dark colors) refers to that used for interior and exterior architectural applications.

Awards Coming Soon

**SIN 834-900**  
**PETROLEUM AND FUEL**

Solid fuels, liquid propellants, fuels, oxidizers, both chemical and petroleum base; fuel oils, cutting, lubricating, insulating, refrigeration, penetrating, vacuum pump, tempering, metal quenching and hydraulic oils; greases, such as, automotive, graphite, ground glass joint, heat dissipation and high temperature lithium greases; miscellaneous fats and oils, such, as fish, pine, fog and storm oils; and waxes, such as sealing bone, paraffin, and ski, except for cleaning and polishing waxes.

## CONTRACTORS

### AWARD INFORMATION

- Contractor's name, address and telephone number.
- Business size and minority business enterprise indicators: "s" for small business, "o" for other than small business, "a" for minority business enterprises, "b" for other than minority business enterprises, "8(a)" for small businesses or small disadvantaged business concerns subcontracting with the Small Business Administration, "w" for woman owned, "v" for veteran owned and "l" for labor surplus concern.

Note: "s/a" (small minority business) also denotes small disadvantaged business concerns.

- Contract number and contract effective date.
- All contracts end five (5) years from date of award, and have one, five year option.
- All contracts provide Domestic shipping, unless indicated.

\*Indicates small business set-aside.

Contact names have been provided to assist customers with questions concerning orders. "A!" indicates contract available on GSA *Advantage*™

All Contractors listed accept the Government Purchase Card.

# Contractor Team Arrangements and Federal Supply Schedules

In the spirit of the acquisition reform all Federal agencies have been encouraged to facilitate innovative contracting/acquisition approaches.

FAR Part 1.102 provides Guiding Principles on the Federal Acquisition System, outlining what the System will achieve as follows:

- Satisfy the customer (cost, quality and timeliness of delivery)
- Maximize use of commercial products and services
- Consider contractor's past performance
- Promoting competition
- Minimize administrative costs
- Conduct business with integrity, fairness and openness
- Fulfill public policy objectives

The Federal Supply Schedule program is a source customers may use to achieve what the System has outlined for acquisition teams to follow.

Each member of the "acquisition team" is to exercise personal initiative and sound business judgment and is responsible for making acquisition decisions that deliver the best value product or service to meet the customer's needs. FAR 1.102-4 further empowers Government team members to make acquisition decisions within their areas of responsibility including selection, negotiation and administration. The contracting officer has the authority to the maximum extent practical, to determine the application of rules, regulations, and policies.

In light of these changes, Federal Supply Schedule customers may refer to FAR 9.6 – Contractor Team Arrangements. The policy and procedures outlined in this part will provide more flexibility and allow innovative acquisition methods when using the Federal Supply Schedules. Customers are encouraged to review this section and should note this is permissible after contract award.

**Team Arrangements Combined with the Federal Supply Schedule Program Provide Federal Customers a Powerful Commercial Acquisition Strategy**

# Basic Guidelines for Using Contractor Team Arrangements

Federal Supply Schedule contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to a customer agency requirements.

These team arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a team arrangement are subject to terms and conditions of the Federal Supply Schedule contract.

Participation in a team arrangement is limited to Federal Supply Schedule contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a General Outline on How it Works:

- The customer identifies their requirements.
- Federal Supply Schedule contractors may individually meet the customers needs, or
- Federal Supply Schedule contractors may submit a Schedules “Team Solution” to meet the customer’s requirement.
- Customers make a best value selection.

**BEST VALUE  
BLANKET PURCHASE AGREEMENT  
FEDERAL SUPPLY SCHEDULE**

(Insert Customer Name)

In the spirit of the acquisition reform \_\_\_\_ (Agency) \_\_\_\_ and \_\_\_\_ (Contractor) \_\_\_\_ enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s) \_\_\_\_\_.

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of bids and offers. Teaming Arrangements are permitted with Federal Supply Schedule contractors in accordance with Federal Acquisition Regulation (FAR) Part 9.6.

This BPA will further decrease costs, reduce paperwork and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for a **Government that works better and costs less.**

(Customer Name)

**BLANKET PURCHASE AGREEMENT**

Pursuant to GSA Federal Supply contract number (s) \_\_\_\_\_, Blanket Purchase Agreements, the contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (Ordering Agency):

- 1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

Model Number/Part Number	Special BPA Discount/Price
_____	_____
_____	_____

- 2) Delivery:

Destination	Delivery Schedule/Dates
_____	_____
_____	_____

- 3) The Government estimates, but does not guarantee, that the volume of purchases through this agreement will be \_\_\_\_\_.
- 4) This BPA does not obligate any funds.
- 5) This BPA expires on \_\_\_\_\_ or at the end of the contract period, whichever is earlier.
- 6) The following office(s) is hereby authorized to place orders under this BPA:

Office	Point Of Contact
_____	_____
_____	_____

- 7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX or paper.

- 8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:
- (a) Name of contractor;
  - (b) Contract number;
  - (c) BPA number;
  - (d) Model number or National Stock Number (NSN);
  - (e) Purchase order number;
  - (f) Date of purchase;
  - (g) Quantity, unit price, and extension of each item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and
  - (h) Date of shipment.
- 9) The requirements of a proper invoice are as specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against the BPA.

The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provision of this BPA and the contractor's invoice, the provisions of this BPA will take precedence.

**\*Important**

A new feature to the Federal Supply Schedules Program permits contractors to offer price reductions in accordance with commercial practice. Teaming Arrangements are permitted with Federal Supply contractors in accordance with FAR Part 9.6.

Revised 9/96
