**(Revised and condensed for public dissemination)**

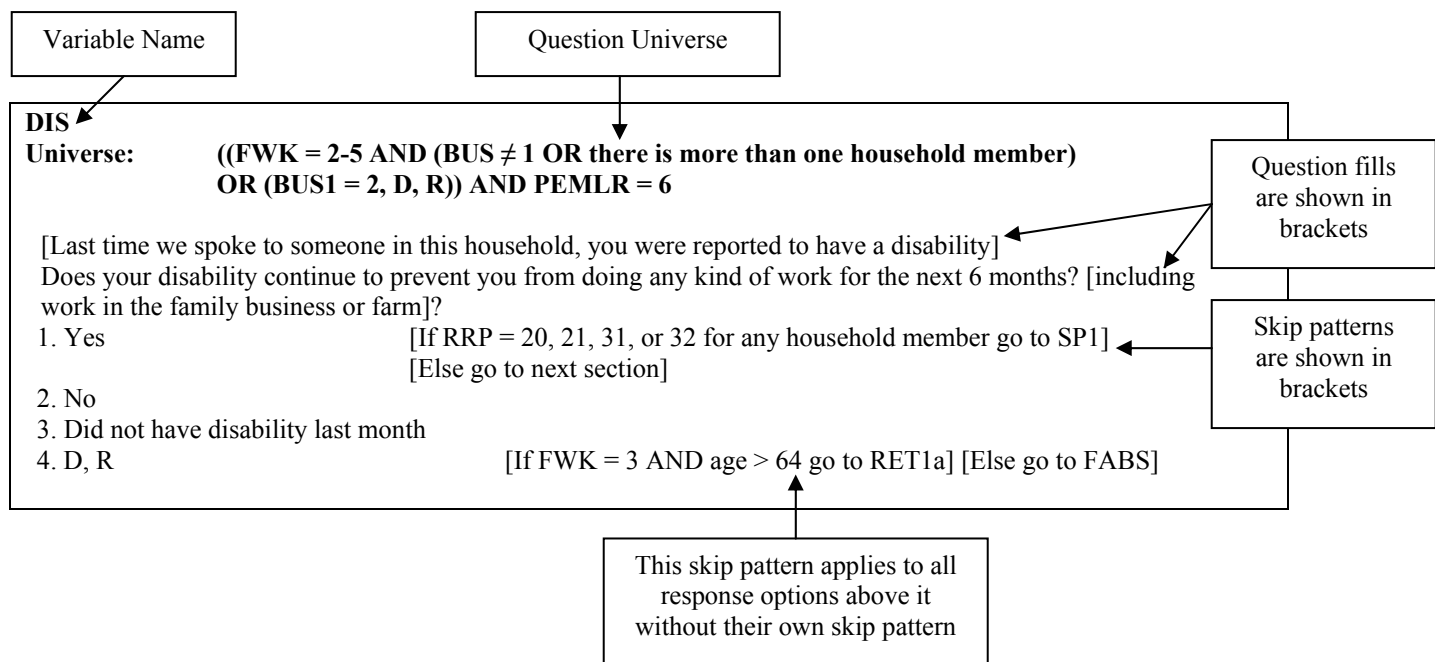

## **2004**

**Bureau of Labor Statistics  
and  
U.S. Census Bureau  
June 8, 2004**

The American Time Use Survey (ATUS) is the first federally funded, continuous survey designed to measure time use in the United States. The Census Bureau administers the survey under contract with the Bureau of Labor Statistics. The survey collects information on how people spend their time, as well as where they are and whom they are with during their daily activities.

The ATUS is a nationally representative sample drawn from households completing their final month of interviews for the Current Population Survey (CPS). Using CPS households allows ATUS to add demographic and labor force information gathered during the CPS interview to the time-use information gathered in the ATUS interview. An eligible person from each CPS household in the sample is selected as the ATUS designated person (DP). This person is not necessarily the CPS respondent. Each ATUS DP is then assigned a reporting day (e.g. Monday to report on Sunday’s activities). ATUS interviewers attempt to contact the DP on the pre-assigned reporting day for up to eight weeks to complete a one-time interview. During the interview, the DP is asked to report on his or her activities during the previous 24 hours.

The ATUS uses Computer Assisted Telephone Interviewing (CATI) to conduct the survey. While CATI has several advantages, including easy management of complex surveys, one of its disadvantages is the loss of a readable paper questionnaire. The purpose of this document is to provide the data user with question universes, question wording, response choices, and skip patterns based on different responses in a readable paper format. This document does not include every variable in the instrument. Instead, it includes descriptions of most survey variables defined in the ATUS data dictionary (not including recodes developed as part of processing) and any variables necessary to understand the creation of those variables. Information for each variable is contained within individual boxes in this document. (See example below.) Text, as well as selected screen shots, also is included to provide further explanation of the data collection instrument.

## Section 1: Front

Universe: ALL

The interview begins as the interviewer attempts to contact the designated person (DP) on the first designated day. If the DP refuses the interview or someone else in the household refuses the interview for the DP, the interviewer records who refused and the reason for refusal. If the DP agrees to the interview, the interviewer verifies the DP's address.

### HELLO

Universe: Someone answers the telephone or someone calls into the telephone center

**If outgoing call:** Hello, this is \_\_\_\_\_ from the U.S. Census Bureau. May I please speak to [DPNAME]?

**If incoming call:** Thank you for returning our call. My name is \_\_\_\_\_ from the U.S. Census Bureau. We contacted your house concerning a very important survey.

\*If necessary: Am I speaking with [DPNAME]?

### INTRO

Universe: All

We are conducting a survey for the Bureau of Labor Statistics on how Americans spend their time. This information will help policy makers understand how people divide their time between work, family and other demands in our fast-paced society. The survey will take about 15 to 20 minutes.

Did you receive out mailing for the American Time Use Survey explaining the importance of this survey, and requesting your participation?

- |        |                                      |

**LETTER****Universe:** INTRO = 2, D, R

The American Time Use Survey measures how people balance their time between work, family, and other activities. The survey will help policy makers understand competing demands on people's time.

I would like you to know that all the information you provide for this voluntary survey is confidential. This survey is authorized by Title 13, Sections 8 and 9. The OMB number is 1220-0141.

1. Return to INTRO and verify address

**MOVED****Universe:** Address verification in INTRO = 2

Since we selected an individual at this address for inclusion in the survey and we are not following people when they move, no interview is needed of you at this time. Thank you for your time.

2. Not interested in topic
3. Too busy, survey takes too long
4. Topic is too personal/ none of government's business
5. Other Specify \_\_\_\_\_ [Terminate interview, record outcome]

## Section 2: Control Card

Universe: ALL

Next, the interviewer reviews the household roster, which includes the name, sex, birth date, and age of each household member, as well his or her relationship to the DP. The ATUS household roster begins with the last recorded CPS household roster. The interviewer verifies and updates the roster to reflect any changes in the household since the last CPS interview. Roster modifications include any changes of residence for household members and any errors in the original CPS household roster. The DP is always the first person listed on the roster.

The screenshot shows the 'American Time Use Survey Release 4.9' software interface. The main window title is 'American Time Use Survey Release 4.9'. Below the title bar is a menu bar with 'Forms', 'Answer', 'Navigate', 'Options', and 'Help'. A navigation bar contains 'ATUS', 'Household Roster', 'Eligible Days', 'Status', 'FAQ', 'S3', 'S5', 'S7', 'S8', and 'Appointment'. The main content area is yellow and contains the question 'Who else is living or staying here now?' and two instructions: 'Enter First Name' and 'Enter 999 if no more persons'. Below this is a table titled 'Demographics' with columns for 'Stat', 'First Name', 'Last Name', 'Mem', 'Ure', 'Sex', 'Rel', 'Birth Month', 'Day', 'Year', and 'Age'. The table contains four rows of data for household members: Jane Doe (age 36), John Doe (age 35), Baby Doe (age 5), and Nephew Doe (age 6). The fifth row has '999' in the 'First Name' field. A 'Household Roster' label is placed over the table. Callout boxes point to the question text, instructions, variables (Age), and household member information.

Stat	First Name	Last Name	Mem	Ure	Sex	Rel	Birth Month	Day	Year	Age
[1]	Jane	Doe	1		2	18	3	15	1968	36
[2]	John	Doe	1		1	20	5	31	1968	35

**STLLIV****Universe:** All

I have listed [Names]

Do all these persons still live here?

1. Yes
2. No [Go to STATUS]

The following variables are included in the household roster:

**STATUS (Labeled STAT in screenshot, above)****Universe:** STLLIV = 1, 2 and Household member is not the DP**If STLLIV = 2:** Use arrow key to move to the correct person and enter reason for membership changes

1. Person deceased
2. Person moved out
3. Person left - was a URE last month
4. Correct a previous mistake
5. Person is a URE this month
9. Reinstate

**FNAME (Labeled FIRST NAME in roster above)****Universe:** Status = blank, 9

Who else is living or staying here now?

1. Enter First Name
2. 999 if no more person [Go to NEWLIV]

**LNAME (Labeled LAST NAME in roster above)****Universe:** FNAME ≠ 999 and STATUS = blank, 9

1. Enter Last Name

**MEM****Universe:** FNAME ≠ 999 and STATUS = blank, 9

Is this [your/name's] usual place of residence?

\* A non-household child is a DP's child under the age of 18 who does not live with the DP

1. Yes [Go to SEX]
2. No [Go to URE]
3. No, non-household child
4. D, R [Go to SEX]

**URE****Universe:** MEM = 2

Do you/ Does [FNAME] [LNAME] have a usual place of residence elsewhere?

1. Yes [Go to next household member]
2. No [Go to SEX]

**SEX****Universe:** MEM = 1, 2, 3, D or R and STATUS = blank, 9

What is [FNAME] [LNAME] sex?

1. Male
2. Female
3. D, R

[IF DP or non-household child, go to BIRTHM] [Else go to RRP]

**RRP (Labeled REL in roster above)****Universe:** (MEM = 1, 2, D, R and STATUS = blank, 9) AND (Person is not the DP)

How is [FNAME] [LNAME] related to you?

\*Ask if not apparent

20. Spouse (husband/wife)
21. Unmarried partner
22. Child/stepchild
23. Grandchild
24. Parent (mother or father)
25. Brother /sister
26. Other related person (aunt, cousin, nephew, mother-in-law, etc.)
27. Foster child
28. Housemate/roommate
29. Roomer/boarder
30. Other nonrelative
40. Non-household child

[Go to BIRTHM]

**BIRTHM (labeled Birth Month in roster above)****Universe:** Person is household member and STATUS = blank, 9

What is [fill: your/name's] date of birth?

1. Enter Birth Month
2. D, R

[Go to BIRTHD]

**BIRTHD (Labeled DAY in roster above)****Universe:** BIRTHM = valid response

1. Enter Birth Day
2. D, R

[Go to BIRTHY]

**BIRTHY (Labeled YEAR in roster above)****Universe:** BIRTHD = valid response

1. Enter Birth Year
2. D, R

[Go to AGE]

**AGE****Universe:**        **BIRTHY**

**If BIRTHY = response:** As of yesterday, that would make [FNAME] [LNAME] approximately [AGE] years old. Is that correct?

**IF BIRTHY = blank, D, R:** Even though you don't know [FNAME] [LNAME]'s birth date, what is your best guess as to how old you/he/she were/was on your/his/her last birthday?

1. 0-98                      [Go to NEWLIV]

Before closing the roster screen, the instrument includes a question to check that no one has been missed (NEWLIV, below). In addition, DPs are asked whether they have any children under 18 not living with them. If a DP has a child under 18, the child's information is added to the household roster, enabling the selection of that child in the WHO column once that ATUS diary (section 4) is asked.

**NEWLIV****Universe:**        **All appropriate grid fields are complete**

Is anyone else living or staying here now?

1. Yes                      [Add person]
2. No                        [Go to NHHCHILD]

**NHHCHILD****Universe:**        **NEWLIV = 2**

Do you have any children under 18 who do not live with you?

\* Read if necessary: The way people spend time is often related to whether they have children even if the children don't live with them.

1. Yes, add child        [Add person]
2. No                        [Go to next section]

### Section 3: Employment

Universe: ALL

Next, the interviewer asks questions to determine whether the DP was working, looking for a job, on layoff, retired or disabled. The interviewer also asks if anyone in the household owns a business or a farm. These questions use the same wording as the CPS questions on employment status to update information gathered in the 8<sup>th</sup> CPS interview. The language is modified only slightly, with the CPS language “last week” changed to “last seven days” in the ATUS.

A variable called PEMLR is used to drive the skip patterns in this section. PEMLR indicates whether the DP was reported to be employed in the 8<sup>th</sup> CPS interview. Its values are as follows:

- 1 Employed, at work
- 2 Employed, absent
- 3 Unemployed, on layoff
- 4 Unemployed, looking
- 5 Not in labor force, retired
- 6 Not in labor force, disabled
- 7 Not in labor force, other

RRP (See Section 2) is used to constrain the universe for the SP variables (see the last four variables at the end of this section). RRP of 20, 21, 31, and 32, constrain the universe to persons with a spouse (20 or 21) or unmarried partner (31 or 32).

#### LABFOR

Universe: All

I am going to ask a few questions about work-related activities in the LAST SEVEN DAYS.  
By the LAST SEVEN DAYS, I mean the seven days beginning on [Interview date minus eight, in day, month, date, year format], and ending yesterday.

#### BUS

Universe: All

[Do you/Does anyone in this household] have a business or a farm?  
1. Yes [If there is only 1 household member, go to FWK] [Else go to BUSL1]  
2. No  
3. D, R [Go to FWK]

#### BUSL1

Universe: BUS =1 AND more than 1 household member

Whose business or farm is it?  
1. [FNAME] [LNAME]  
2. [FNAME] [LNAME]  
3. [FNAME] [LNAME]  
4. D, R [Go to FWK]

**FWK****Universe:** All

In the LAST SEVEN DAYS, did you do ANY work for [pay/either pay or profit]?

1. Yes [Go to MJ]
2. No [If BUS=1 and there is only 1 household member go to BUS1]  
[If PEMLR = 5 and age > 64 AND FWK = 2, 4, or 5 go to RET]  
[If PEMLR = 6 go to DIS]  
[All others go to FABS]
3. Retired [ Age > 64 go to RET1a]
4. Disabled [Go to DIS1a]
5. Unable to work [Go to DIS2a]
6. D, R [Go to FABS]

**BUS1****Universe:** FWK = 2-5 AND BUS = 1 AND only one household member

In the LAST SEVEN DAYS, did you do any unpaid work in the family business or farm?

1. Yes [If a household member is a business owner go to HRUSL1] [Else go to BUS2]
2. No
3. D, R [If PEMLR = 5 and age > 64 AND FWK = 2, 4, or 5 go to RET]

**Universe:** (FWK = 2, 4, 5 AND PEMLR = 5 AND age > 64) AND (BUS ≠ 1 and there is more than one household member)  
OR (BUS1 = 2, D, R and FWK = 2, 4, 5 and PEMLR =5 and age > 64)

The last time we spoke to someone in this household you were reported to be retired.

Are you still retired?

1. Yes [Go to RET1a]
2. No
3. Was not retired last month/last time
4. D, R [Go to FABS]

**DIS**

**Universe:** ((FWK = 2-5 AND (BUS ≠ 1 OR there is more than one household member)  
OR (BUS1 = 2, D, R)) AND PEMLR = 6

[Last time we spoke to someone in this household, you were reported to have a disability]

Does your disability continue to prevent you from doing any kind of work for the next 6 months? [including work in the family business or farm]?

1. Yes [If RRP = 20, 21, 31, or 32 for any household member go to SP1]  
[Else go to next section]
2. No
3. Did not have disability last month
4. D, R [If FWK = 3 AND age > 64 go to RET1a] [Else go to FABS]

## Section 4: Diary

**Universe: ALL**

Next, the interviewer collects a detailed account of the DP's activities from 4 a.m. the previous day to 4 a.m. on the interview day in the diary grid represented below. The interviewer uses pre-codes (1-13 in the question text window below) to quickly record commonly-reported activities, but types the DP's verbatim responses in the activity lines of the diary grid for all other activities. For each activity reported, the interviewer asks how long the activity took place. This may be recorded either as a duration or with start and stop times. The interviewer then asks WHO questions for all activities except sleeping, grooming, and working, then WHERE questions for all activities except sleeping and grooming. After the DP reports an activity (including duration, with whom, and where), the interviewer prompts for the next activity.

Simultaneous activities, when offered by DPs, are recorded in one activity field separated by a slash. The interviewer does not ask specifically about simultaneous activities and they are not coded on the ATUS files at this time.

## **Section 5: Summary Questions**

**Universe: Section 3 and Section 4 are complete**

After the time diary is complete, the interviewer asks follow-up “summary questions” to gain additional information on the work, childcare, and volunteer activities reported in the diary. Some questions also are asked about trips away from home for two or more nights in a row. These series of questions are explained in the sequence they appear in the instrument, below. The child care questions were different in 2003 than in 2004. Both sets are explained in this document.

### Work questions

During the collection of the diary data, work activities reported as such are captured in a straightforward way. The interviewer usually uses a pre-code of 4 or 5, the instrument automatically filling the field with “work, main job” or “work, other job” as indicated. However, some reports are not obviously work, such as “grading papers.” The summary questions below help to clarify which activities should be coded as work or work-related. Any activity identified by the respondent in response to the question is marked with a “1” on the diary grid (see screenshot).

The interviewer first asks about activities that were done as part of one’s job. If a DP has more than one job, the question is asked about each one. Then, the interviewer asks about other activities done to earn additional income, such as making crafts to sell.

Secondary Child Care Questions

Next, the interviewer asks questions to obtain information on secondary childcare. In 2003, secondary childcare activities performed by the DP were captured separately for 1) time the DP had at least one household child and/or non-household own child in his or her care, and 2) time the DP spent with others' children under 13 in his or her care. To ensure consistency in estimation, the instrument also collects the possible range of time one might have a child in his or her care. This time is constructed as the time between when the first child under 13 wakes up and when the last child under 13 goes to bed. In 2004, universes to the questions were altered so that separate measures could be developed for time the DP spent 1) caring for one's own household children, 2) other's children in the household, 3) one's own non-household children, and 4) others' non-household children.

The following questions were asked in both years (and are currently):

**CC\_LEAD****Universe:** All

**If household roster includes children under 13 years of age:** Now I'd like to talk with you in a little more detail about childcare.

**If household roster does not include children under 13 years of age:** Now I'd like to talk with you about childcare. People often spend time with friends', neighbors' or relatives' children.

5. Respondent was away from the home yesterday [[If non-household child and AGE = 0 -12, then go to CC6]  
[Else no non-household children, go to CC8] [Else go to CC7]

**CC6****Universe:** At least 1 child in the house who is under 13 and is not the DP's own child

Now I'd like to ask you about YOUR children who don't live with you. During any part of the day yesterday, was/were [FNAME][LNAME] in your care? (insert name(s) of own, non-household children age 00-12 years old)

1. Yes [Go to CC7]

2. No

3. D, R [Go to CC8]

**CC7****Universe:** CC6 = 1

At which times or during which activities was/were [FNAME] [LNAME] in your care? (inserts the name(s) of own, non-household children under 13)

1. Activities where non-household child was in your care.

97. None/no more non-household childcare activities. [Go to next row][If no more rows, go to CC8]  
[If 97 in first row or no "1" in column, go to CC7\_CK]

**CC7\_CK****Universe:** If 97 in the first row or no other entries in CC7

No activities were selected even though DP said he or she had a non-household child.

\* Enter reason or use the arrow key to go back to correct.

1. No secondary childcare activities.
2. DP didn't know.
3. DP refused to answer. [Go to CC8]

The following questions were asked in both years (and are currently):

**CC8****Universe:** ALL

**If household roster includes children under 13 years of age:** Other than [FNAME] [LNAME] during any part of the day yesterday was a child who is 12-years old or younger in your care? Please do not include any paid childcare. (fills household and own children's names)

**If household roster does not includes children under 13 years of age:** During any part of the day yesterday was a child who is 12-years old or younger in your care? Please do not include any paid childcare.

IF YES - Ask:

When was that?

1. Activities where other child was in your care. [Next line of Grid] [If no more entries go to CC9]
97. None/no more childcare activities. [Go to V1]
3. D, R [Next line of Grid][If no more entries go to CC9]

**CC9****Universe:** CC8 = Valid response

Is that child/are those children related to you?

1. Yes
2. No
3. Some are, some are not [Go to V1]

## Volunteering Questions

Three summary questions are asked to identify which activities reported in the diary were done by the respondent (DP) as part of volunteering for or through an organization. The question text was derived from the CPS volunteer supplement, the reference period being changed from one year to yesterday. Any activity identified as done for or through an organization is marked with a “1” in V3.

### **V1**

**Universe:** All

Now I'd like to ask you about volunteer activities, that is, activities for which people are not paid, except perhaps expenses. Yesterday, did you do any volunteer activities for or through an organization?

1. Yes [Go to V3]
2. No
3. D [Go to V2]
4. R [Go to TRV\_INTRO]

### **V2**

**Universe:** V1 = 2, D

Sometimes people don't think of activities they do for schools, or youth, or religious organizations as volunteer activities. Yesterday, did you volunteer for these or similar organizations?

1. Yes [Go to V3]
2. No [Go to TRV\_INTRO]
3. D, R [Go to TRV\_INTRO]

### **V3**

**Universe:** V1= 1 OR V2 =1

Which of the activities that you told me about were volunteer activities?

1. Volunteer activities. [Next line of grid] [If no more entries, go to TRV\_INTRO]
97. None/no more volunteer activities. [Go to TRV\_INTRO]
3. D, R [Next line of grid] [If no more entries, go to TRV\_INTRO]

## Missed Days Questions

The following “missed days” questions are asked so that analysts may develop a general idea of what types of activities might be missed in ATUS because of the “yesterday” design of the survey. The ATUS never collects activities done by DPs when away from home for more than 2 days. While specific activities done on trips are not collected in this question series, the purpose and length of trips are collected. The reference month in TRV1 refers to the calendar month preceding the month that includes the first designated day for the DP.

### **TRV\_INTRO**

**Universe:** All

Now I'd like to ask you a FEW, VERY GENERAL questions about times when you may have been away from home, for business, vacation, or other sorts of trips.

**TRV1****Universe:** All

How many times were you away from home in the month of [Fill: reference month]? Only report times when you were away from home for 2 or more nights in a row.

1. 1-15 [Go to TRV2]
2. 0
3. D, R [If DP works, go to IO\_LEAD] [If DP laid off, go to LAYDT]  
[If DP didn't work but isn't prevented from work, go to LK]  
[If DP is prevented from working and age ≠ 15-49, go to next section]  
[If DP is prevented from working and age = 15-49, go to SCHENR]

**TRV2****Universe:** TRV1 = 1-15

Let's start with the most recent trip you took in [reference month]. What was the purpose of that trip? Choose as many as apply - was it vacation or visiting others, business or work, or something else?

\* Repeat for all trips starting with most recent and work backwards

1. Vacation or visiting friends or relatives
2. Business or work [Go to TRV5]
3. Something else – specify [Go to TRV3]
4. Multiple purposes [Go to TRV4]
5. D, R [Go to TRV5]

**TRV3****Universe:** TRV2 = 3

\* Specify: Enter all that apply

1. School - related activities
2. Weddings or funerals
3. Medical reasons [Go to TRV5]
4. Other/specify [Enter specify, go to TRV5]
5. D, R [Go to TRV5]

**TRV4****Universe:** TRV2 = 4

\*Enter all that apply

1. Vacation or visiting friends or relatives
2. Business or work
3. School-related activities
4. Weddings or funerals
5. Medical reasons [Go to TRV5]
6. Other/specify [Enter specify, go to TRV5]
7. D, R [Go to TRV5]

**TRV5**

**Universe:** (TRV2 = 1, 2, D, R) or (TRV4 = 1-5, D, R) or (Entry in TRV4\_SP) or (TRV3 = 1, 2, 3)  
Or (TRV3\_SP = valid response)

How many nights were you away to/for [Fill: description from TRV2/ TRV3]?

1. 2-30

2. D, R

[Go to TRV2 for next trip]

If no more trips: [If DP works, go to IO\_LEAD]

[If DP laid off, go to LAYDT]

[If DP didn't work but isn't prevented from work, go to LK]

[If DP is prevented from working and age ≠ 15-49, go to next section]

[If DP is prevented from working and age = 15-49, go to SCHENR]

## Section 6: Layoff/ Looking

### Universe: DP is laid off or disabled

Next the interviewer asks questions to determine the DP's labor force status. DP's who reported being on layoff or disabled in section 3 are asked if and how they are actively looking for work. Those who reported being on layoff also are asked if and when they expect to be recalled to their job. These questions are worded exactly as in CPS, except that "last seven days" is used in ATUS rather than "last week," which is used in CPS.

#### LAYDT

Universe: DP is laid off

Now I would like to ask a few more questions about the job you are on layoff from. Has your employer given you a date to return to work?

1. Yes [Go to LAYAVL]
2. No
3. D, R [Go to LAY6M]

#### LAY6M

Universe: LAYDT = 2, D, R

Have you been given any indication that you will be recalled to work within the next 6 months?

1. Yes [Go to LAYAVL]
2. No
3. D, R [Go to LK]

#### LAYAVL

Universe: LAYDT = 1 or LAY6M = 1

Could you have started a job in the LAST SEVEN DAYS, if one had been offered?

1. Yes [Go to LAYLK]
2. No [Go to LAYAVR]
3. D, R [Go to LAYLK]

#### LAYAVR

Universe: LAYAVL = 2

Why is that?

1. Own temporary illness
2. Going to School [Go to LAYLK]
3. Other [Go to LAYAVS]
4. D, R [Go to LAYLK]

#### LAYAVS

Universe: LAYAVR = 3

\* Enter Specify [Go to LAYLK]

**LAYLK****Universe:** LAY6M = 1 or LAYDT = 1

## Section 7: Industry and Occupation

**Universe: DP is employed**

Next, the interviewer updates information on the DP's job title and description, and the industry in which the DP works. Question wording is taken from the CPS industry/occupation question series. If the DP reports working for the same employer and performing the same duties as in the CPS 8<sup>th</sup> interview, the information is brought forward onto the data file but is not reentered in the instrument. If he or she has new information, the fields are updated in the instrument and the data file.

## Section 8: Earnings and School Enrollment

**Universe: All**

For those who changed jobs or employers since the CPS interview, or whose earnings were allocated in CPS, the interviewer collects data on the DP's usual hours worked and wages, including any overtime. Based on responses to several questions about earnings, the instrument calculates the DP's usual weekly earnings, which is confirmed by the DP.

Finally, all DP's between ages 15 and 49 are asked about school enrollment status.

### ERNP

**Universe:** (DP worked) AND ((IO1INC = 1, blank) AND (BUS1 ≠ 1) AND (DP is not working without pay, nor is self employed with status of unincorporated or incorporation status unknown) OR (IODP1 ≠ 1) OR (IODP2 ≠ 2, D, R) OR (CPS personal earning is allocated)

This month I have a few questions about earnings.

### ERNPR

**Universe:** All

For your [main] job, what is the easiest way for you to report your total earnings BEFORE taxes or other deductions: hourly, weekly, annually, or on some other basis?

\* If necessary: We use this information to compare the amount that people earn in different types of jobs.

1. Hourly
2. Weekly
3. Bi-weekly
4. Twice monthly
5. Monthly
6. Annually [Go to ERNUOT]
7. Other (specify) [Go to ERNPRS]
8. D [Go to ERNUOT]
9. R [If age is 15 – 49, D, R, go to SCHENR] [Else go to THANKYOU]

### ERNPRS

**Universe:** ERNPR = 7

1. Enter Response [Go to ERNUOT]

### ERNUOT

**Universe:** ERNPR = 1-6, D or ERNPRS = valid response

Do you usually receive overtime pay, tips, or commissions [at your main job]?

1. Yes
2. No
3. D, R [If ERNPR = 1, go to ERNHRT]  
[If ERNPR = 2-7, or D, go to ERNWK2]

**ERNHRT****Universe:** ERNPR = 1

**IF ERNUOT =1:** EXCLUDING overtime pay, tips and commissions what is your hourly rate of pay on [this/ your main] job?

**IF ERNUOT ≠ 1:** What is your hourly rate of pay on [this/ your main] job?

1. Enter [Go to ERNHR]
2. D [Go to ERNHRE]
3. R {If age 15-49, D, R, go to SCHENR} [Else go to THANKYOU]

**ERNHRE****Universe:** ERNHRT = D

What is your best estimate of your hourly rate of pay?

1. Enter response [Go to ERNHR]
2. D, R [If age = 15-49, go to SCHENR] [Else go to THANKYOU]

**ERNHR****Universe:** ERNHRT = valid response OR ERNHRE = valid response

How many hours do you usually work per week at this rate?

1. Enter response [If ERNUOT = 1, go to ERNOTP] [Else go to ERNVR1]
2. D, R [If HRUSL1 = D, V, R, go to ERNWK2] [Else if ERNUOT = 1, go to ERNOTP] [Else go to ERNVR1]

**ERNOTP****Universe:** ERNUOT = 1 AND (HRUSL1 = 1 – 99 and ERNHR = 1-99)

[How/ at your main job] much do you usually receive JUST in overtime pay, tips or commissions, before taxes or other deductions?

\*Enter periodicity first.

1. Per hour
2. Per day
3. Per week
4. Per month
5. Per year [Go to ERNOTA]
6. Other
7. D [Go to ERNOTE]
8. R [If age = 15 – 49, D, R, go to SCHENR] [Else go to THANKYOU]

**ERNOTA****Universe:** ERNOTP = 1 - 5

Enter Dollar Amount

1. Enter response [If ERNOTP = 1, go to ERNOH] [If ERNOTP = 2, go to ERNOTE] [If ERNOTP =3, 4, 5, go to ERNVR1]

**ERNOTE****Universe:** ERNOTP = 6, D OR ERNOTA = valid response and ERNOTP = 2

What is your best estimate of how much you usually earn weekly, JUST in overtime pay, tips, or commissions, before taxes or other deductions?

1. Enter response [Go to ERNVR1]
2. D, R [IF age = 15 – 49, D, R, go to SCHENR] [Else go to THANKYOU]

**ERNOH****Universe:** ERNOTP = 1 AND ERNOTA = valid response

How many hours do you usually work per week at this rate?

1. Enter response [Go to ERNVR1]
2. D [Go to ERNOHE]
3. R [If age = 2 – 4, D, R, Go to SCHENR] [Go to THANKYOU]

**ERNOHE****Universe:** ERNOH = D

What is your best estimate of the number of hours per week you usually work at this rate?

1. Enter response [Go to ERNVR1]
2. D, R [IF age = 15 – 49, go to SCHENR] [Else go to THANKYOU]

**ERNVR1**

**Universe:** (ERNHR = valid response AND ERNUOT ≠ 1)  
 OR (ERNHR = D, R AND HRUSL1 ≠ D, R, V AND ERNUOT ≠ 1) OR (ERNOTP = 3 – 5  
 AND ERNOTA = valid response) OR (ERNOTE = valid response)  
 OR (ERNOH = valid response) OR (ERNOHE = valid response)

I have estimated your usual WEEKLY earnings [for your main job] as [HWKRN] before taxes or other deductions. Does that sound correct?

1. Yes [If age = 15 – 49, D, R, go to SCHENR] [Go to THANKYOU]
2. No
3. D [Verify information and correct error]  
[If age = 15 – 49, D, R, go to SCHENR] [Go to THANKYOU]
4. R [If age = 15 – 49, D, R, go to SCHENR] [Go to THANKYOU]

If the DP responds that the calculated earnings are incorrect in ERNVR1, the ATUS instrument then goes through a series of variables to identify and correct the problem, then re-verifies the DP's earning information. This process is repeated until the earnings are correctly reported. Because the ATUS allows the DP to report earnings in several ways, the skip and fill patterns for these variables becomes increasingly complex and are available only upon request.

**SCHENR****Universe:** Age = 15 – 49, R but > 15, D, R

I just have a few more questions.

Are you enrolled in a high school, college, or university?

\* Enter "1" if currently on holiday or seasonal vacation.

\* Enter "2" for summer vacation.

1. Yes [Go to SCHLVL]
2. No [Go to THANKYOU]
3. D, R [Go to THANKYOU]

**SCHLVL****Universe:** SCHENR = 1

Would that be high school, college, or university?

1. High school
2. College or university
3. D, R [Go to SCHFT]

**SCHFT****Universe:** SCHLVL = 1, 2, D, R

Are you enrolled in school as a full-time or part-time student?

1. Full-time
2. Part-time [Go to THANKYOU]

## Section 9: Back

This section of the interview is used to close out the case.

### THANKYOU

**Universe:** Non-incentive households

Thank you for your time.

### THANKYOU

**Universe:** Incentive households

The PIN to activate your ATM debit card is [CARD\_ID]. We have prepaid the ATM access fees for your card. The card was designed to be used one time only, so please withdraw all the money in one transaction by [EXPIRATION DATE].

Finally, the card can only be used withdrawing the approved funds at an ATM -- it can't be used to pay for things, like at the grocery store or at the gas station pump.

If you have any questions or problems activating the card, the telephone number to call is on the back of the card.

Again, thank you.

After the interview is complete, the interviewer answers two data quality questions.

### INTDQUAL

**Universe:** All completed interviews

Is there any reason the information from this interview should NOT be used?

1. Yes [Go to DQUAL2]
2. No

### DQUAL2

**Universe:** INTDQUAL = 1

Why do you think the data should not be used?

1. I feel the respondent was intentionally providing wrong answers
2. I feel the respondent was trying to provide correct answers, but could not correctly remember his/ her activities on the previous day
3. I feel the respondent deliberately reported very long duration activities
4. Other
